The Honda GL1000 Gold Wing - Classic Japanese Motorcycles ...

1977 GL1000 K2 . This was the third model year and still only minor changes. More pin-striping was added to the dummy tank and side panels. Also more chrome, the top engine mounts were chrome instead of black and the exhaust downpipes had chrome covers. The speedo and tachometer's faces became black.

Honda Goldwing GL1000 - GWOCGB

The GL's general demeanour is fine in a straight line, providing cats eyes and thick white lines are steered away from but get in a bit of a mess mid corner and the big Wing gets all squirrely with the rear trying to do a better job of steering than the front, for a while it manages this challenge and the worse thing you can do is back off the throttle.

Honda GL1000 Goldwing Parts

History of the 1975-1977 Honda Gold Wing. With the Gold Wing, Honda basically created a new type of rider. Mechanically, there was no precedent for a flat-four, water-cooled bike with shaft drive and everyday reliability. The Project 371 prototype that was shown at the Cologne Motorcycle Show in 1974 showed the way, and as the Gold Wing was adorned with bodywork, luggage and other accessories, it started to attract people who weren't mechanically inclined and had not previously considered ...

1977 Honda Gl1000 Motorcycles for sale - SmartCycleGuide.com

1976 saw only slight changes to the GL1000, though the aftermarket was beginning to provide dress options for the Gold Wing that Honda had not. However, the 1977 model-year bike received touring-centered changes (higher bars, neoprene grips, tapered roller steering bearings, etc.) that made it more suitable for a burgeoning long-distance market.
