Master practical strategic marketing analysis through real-life case studies and hands-on examples. In Cutting Edge Marketing Analytics, three pioneering experts integrate all three core areas of marketing analytics: statistical analysis, experiments, and managerial intuition. They fully detail a best-practice marketing analytics methodology, augmenting it with case studies that illustrate the quantitative and data analysis tools you'll need to allocate resources, define optimal marketing mixes; perform effective analysis of customers and digital marketing campaigns, and create high-value dashboards and metrics. For each marketing problem, the authors help you: Identify the right data and analytics techniques Conduct the analysis and obtain insights from it Outline what-if scenarios and define optimal solutions Connect your insights to strategic decision-making Each chapter contains technical notes, statistical knowledge, case studies, and real data you can use to perform the analysis yourself. As you proceed, you'll gain an in-depth understanding of: The real value of marketing analytics How to integrate quantitative analysis with managerial sensibility How to apply linear regression, logistic regression, cluster analysis, and Anova models The crucial role of careful experimental design For all marketing professionals specializing in marketing analytics and/or business intelligence; and for students and faculty in all graduate-level business courses covering Marketing Analytics, Marketing Effectiveness, or Marketing Metrics

'Blew my mind... so magically written and most of all that it is based on true events... a hard-hitting, soul-crushing book... I loved every moment of it... immersive, heart-wrenching. I feel emotional writing this review.' Goodreads reviewer, 5 stars Wanted: Company Daughters. Virtuous young ladies to become the brides of industrious settlers in a foreign land. The Company will pay the cost of the lady's dowry and travel. Returns not permitted, orphans preferred. Amsterdam, 1620. Jana Bell has learned that life rarely provides moments of joy. Having run away from a violent father, her days are spent searching for work in an effort to stay out of the city brothels, where desperate women trade their bodies for a mouthful of bread. But when Jana is hired as a servant for the wealthy and kind Master Reynst and his beautiful daughter Sonlje, Jana's future begins to look brighter. Then Master Reynst loses his fortune on a bad investment, and everything changes. The house is sold to creditors, leaving Jana back on the street and Sonlje without a future. With no other choice, Jana and Sonlje are forced to sign with the East India Company as Company Daughters: sailing to a colonial Dutch outpost to become the brides of male settlers they know nothing about. With fear in their hearts, the girls begin their journey – but what awaits them on the other side of the world is nothing like what they've been promised... Based on true history, this is a gripping and unputdownable historical novel, perfect for fans of Girl with a Pearl Earring, The Miniaturist and The Indigo Girl. WINNER OF THE 2021 GOLDEN CROWN LITERARY SOCIETY AWARD FOR DEBUT FICTION. FINALIST FOR THE 2021 BISEXUAL BOOK AWARDS. LONGLISTED FOR THE 2021 HWA DEBUT CROWN AWARD. What readers are saying about The Company Daughters: 'Blew my mind... a book I've told so many people about purely because I'm still in disbelief that it exists, that it's so magically written and most of all that it is based on true events... a hard-hitting, soul-crushing book of a woman's struggle to survive... I loved every moment of it. Breathlessly, and in a way that took up my entire brain... immersive, heart-wrenching, and I feel emotional writing this review.' Goodreads reviewer, 5 stars 'From the moment I started reading The Company Daughters, I was captivated by this historical tale. Although it does contain a love story, it's not a romance... This was a gripping read.' Goodreads reviewer 'This book is so stunningly tender and beautiful, all mixed in with some seriously tragic and heart-wrenching events... Rajaram is an extremely skilled writer, and I love her writing style... The themes of sisterhood and female love were so present in this book and I found it very moving.' Goodreads reviewer 'I was enchanted by this book! It's a delightful read that will have your emotions all over the place.' Goodreads reviewer 'I love historical fiction, and this book touched on a topic and time I knew nearly nothing about... There's love, there's loss, there's surviving, there's thriving... It was a very beautiful book.' Goodreads reviewer 'The Company Daughters is a beautifully written love story... a perfect example of the power of human will and the endurance and hope that love can give a person.' Goodreads reviewer, 5 stars 'This book has a beauty and grace to it. The author's writing just flows off the page, and although there are struggles and upsets by the time you close the book over you are filled with a warm glow.' Goodreads reviewer 'A powerful and insightful read. I look forward to reading more historical work by Samantha Rajaram!' Goodreads reviewer 'Heartbreaking... a moving book... vivid, with amazing characters... This is a great read.' Goodreads reviewer

This book will be helpful for any health care professional assisting the patient with diabetes to reach their target goals. The various oral medications and their mechanisms, as well as the types and regimens of the various insulins are discussed. Reaching target goals has been shown to prevent the acute (hypoglycemia and hyperglycemia) and chronic (retinopathy, nephropathy, neuropathy, coronary heart disease and stroke) complications of diabetes. Therefore, it is critical that healthcare professionals have the knowledge to assist their patients in meeting their diabetes goals. This resourceful tool can be yours for just \$14.95. Additionally, nurses will be able to earn continuing education contact hours after reading this book.

This text provides a masterful and systematic treatment of all the basic analytic and geometric aspects of Bergman's classic theory of the kernel and its invariance properties. These include calculation, invariance properties, boundary asymptotics, and asymptotic expansion of the Bergman kernel and metric. Moreover, it presents a unique compendium of results with applications to function theory, geometry, partial differential equations, and interpretations in the language of functional analysis, with emphasis on the several complex variables context. Several of these topics appear here for the first time in book form. Each chapter includes illustrative examples and a collection of exercises which will be of interest to both graduate students and experienced mathematicians. Graduate students who have taken courses in complex variables and have a basic background in real and functional analysis will find this textbook appealing. Applicable courses for either main or supplementary usage include those in complex variables, several complex variables, complex differential geometry, and partial differential equations. Researchers in complex analysis, harmonic analysis, PDEs, and complex differential geometry will also benefit from the thorough treatment of the many exciting aspects of Bergman's theory.

Ace the Journeyman and Master Electrician Exams! Featuring more than 1,500 practice questions and answers, Electrician's Exam Study Guide, Second Edition provides everything you need to prepare for and pass the Journeyman and Master electrician licensing exams on the first try. Death is a way of life outside of the safety of Inner Tulsa, and Jade means to keep flipping Mother Nature off until old age claims her. With one eye always on the sky, the last thing she needs is a pack of bounty hunters out for her living head. With no idea of why anyone would want her, her wits might keep her free, assuming she can resist the charming lures of Sandro, one of the men out to claim her as his own. Left with the choice of being the evening snack of a tornado or taking shelter with the bounty hunter, she does what she does best: she lives on the edge. Striking a bargain with the handsome bounty hunter buys her another day of life, but it also dumps her into the heart of a sinister plot, one meant to enslave the residents of the storm-tossed city—and the others brave and foolish enough to call the Alley home.

A new edition of a seminal textbook that offers an up-to-date, concise and theoretically and empirically informed introduction to the core issues in the sociology of health and health care. It includes updated chapters on established themes of social aspects of health, disease and medical practice, social structures and the organisation of health services, as well as brand new chapters on contemporary topics such as globalisation, the sociology of the body and digital technologies. As proven by previous editions, this text has special salience for students of medicine and allied health programmes. Moreover, with increased attention to international perspectives and examples and an accessible writing style, it remains an ideal choice for undergraduate and postgraduate health modules on sociology courses across the world. New to this Edition: - Increased emphasis on global perspectives and international examples - All existing chapters thoroughly updated - New chapters on globalisation and health, re-conceptualising bodies and digital health and health care ensure that the book takes the latest developments in the discipline into account

When life falls apart, where is God? Does he care? Can he fix things? Does he really love us? In an uncertain world, people need to know that God is still in control, that he cares for us and even suffers with us, and that he has a plan that cannot be defeated. In his compassionate and caring style, Warren W. Wiersbe offers discouraged readers a positive treatment of suffering that reveals the Bible's authoritative and comforting answers to big questions. His faith-bolstering insight will show readers that, with God as their source of comfort, strength, and hope, they can weather the storms of life—and come out on top.

It's a summer internship. Never mind that the owners are hot. Never mind that there are three of them. Never mind that they are twice her age. Never mind that they have a secret "play" room in the basement. Never mind that she's never been more intrigued in her life. She only has three months. No matter how deeply she gets involved, she can't stay...

When a busy woman looks at her calendar and sees a birthday, holiday, or special occasion, she has the best intentions for bringing joy to her family and creating lasting memories. Then reality hits. Amidst demanding responsibilities and an overloaded schedule, when is she ever going to have time to plan the perfect celebration or find the creativity to make it special? In this go-to guide, Karen Ehman and Glynis Whitwer give women the ideas and the motivation they need to make such occasions less daunting. They provide creative ideas and menu plans for · Holidays · Birthdays · Special Events · Everyday Occasions Readers will even find suggestions for reaching out to others throughout the year through celebrations that are simple, doable, and stress-free.
