S70 Saloon, V70 Estate & C70 Coupe, inc. turbo & T5 versions. Does NOT cover four-wheel-drive (AWD) system. Petrol: 2.0 litre (1984cc), 2.3 litre (2319cc) & 2.5 litre (2435cc).

This book explores the phenomenon of Independence Days. These rituals had complex meanings both in the territories concerned and in Britain as the imperial metropole, where they were extensively reported in the press. The text is concerned with the political management, associated rhetoric and iconography of these seminal celebrations. The focus is therefore very much on political culture in a broad sense, and changing perceptions and presentations over time. Highlights of the book include an overview by David Cannadine relating the topic to ornamentalism, invented tradition and transitions in British culture. Although the book is mainly concerned with the British Empire, Martin Shipway – a leading historian and cultural analyst of French decolonization – contributes an acute summary of how the same ‘moment’ was handled differently in the other great European empires. There are detailed and lively studies by noted specialists of the immediate coming of Independence to India/Pakistan, Malaya, Ghana, Zimbabwe, and Guyana. The book includes a thematic focus on the important role of representatives of the British monarchy in legitimating transfers of sovereignty at their point of climax. This book was published as a special issue of The Round Table.

S60 Saloon, inc. special/limited editions. Does not cover bi-fuel or AWD models, or S60R. Petrol: 2.0 litre (1984cc), 2.3 litre (2319cc), 2.4 litre (2401cc & 2435cc) & 2.5 litre (2521cc). Turbo-Diesel: 2.4/2.5 litre (2401cc).

Nothing will destroy, delay, or diminish a career like impatience. Yet millions of workers quit their jobs every month because they haven't gotten a promotion. It's natural to want to make the most out of one's career--after all, we spend more time working than any other activity in our busy lives. But the stark reality is that job-hopping in search of advancement and fulfillment may actually have the opposite effect. So what's the best way to "get promoted?" According to Rick Whitted, it's about outgrowing your space--making your current job bigger and bigger until management gives you a larger role and increased responsibilities. With a lifetime of experience and research to back him up, Whitted shows readers how to address those things inside of us that prevent career progression--things like self-entitlement, the desire to skip steps, and pride--and instead pursue excellence right where we are. Readers will be challenged to identify why they want a promotion, define for themselves what success really looks like, make lateral moves that position them for promotion later, be innovators in the role they perform right now, and much more. End-of-chapter discussion questions help readers immediately apply concepts to their own personal situation, and three practical 30-day checklists, also available at www.careerwhitt.com, help readers relaunch, redefine, or begin the process of outgrowing their current space.

This is another title in the ever-popular Haynes vehicle maintenance range, this edition covering the Volvo V70/S80 (both petrol and diesel engines) from 1997 until 2007. Step-by-step instructions are provided, with hundreds of illustrations and photographs to aid the budding or experienced vehicle maintainer.

Haynes offers the best coverage for cars, trucks, vans, SUVs and motorcycles on the market today. Each manual contains easy to follow step-by-step instructions linked to hundreds of photographs and illustrations. Included in every manual: troubleshooting section to help identify specific problems; tips that give valuable short cuts to make the job easier and eliminate the need for special tools; notes, cautions and warnings for the home mechanic; color spark plug diagnosis and an easy to use index.

This is a maintenance and repair manual for the DIY mechanic. It includes roadside repairs and MOT test checks for the Ford Focus.

A survey of the relationship between art and fashion showcases wearable art that will appear in a 2005 exhibition at the Fine Arts Museums of San Francisco, tracing the art form's history as it developed out of the styles of the 1960s and 1970s through some of today's most significant designs, in a volume that features the works of such contributors as Yves Saint Laurent, Gustav Klimt, and Jean-Paul Gaultier. Original.

Every Haynes manual is based on a complete teardown and rebuild, contains hundreds of "hands-on" photos tied to step-by-step instructions, and is thorough enough to help anyone from a do-it-your-selfer to a professional.
