If you're building a salvage yard stroker motor, looking to make a numbers-matching engine, saving money on repurposing factory parts, or simply looking to see which parts work together, this book is a must-have addition to your library! This updated edition provides detailed interchange information on cranks, rods, pistons, cylinder heads, intake manifolds, exhaust manifolds, ignitions, carburetors, and more. Casting and serial number identification guides are included to help you through the myriad of available parts in salvage yards, at swap meets, and on the internet. Learn what parts can be combined to create various displacements, which parts match well with others, where factory parts are best, and where the aftermarket is the better alternative. Solid information on performance modifications is included where applicable. The first and second generation of small-block Chevy engines have been around for more than 60 years, and a byproduct of the design ' s extremely long production run is that there is a confusing array of configurations that this engine family has seen. Chevy expert Ed Staffel delivers this revised edition on everything you need to know about parts interchangeability for the small-block Chevy. Build your Chevy on a budget today!

A celebration of the many motor trikes and three-wheeled motorcycles produced since the

Motorcycles, the open road, cruising; all things associated with this powerful locomotive are detailed in this marvelous history of a stunning vehicle. Humanity is capable of many wonderful things, but the art of making motorcycles is arguably not its greatest achievement. Throughout history there have been far more pressing needs than the desire to get from A to B more quickly and more pleasurably than anyone else. And yet, thousands of entrepreneurs have gravitated to the motorcycle industry: scratch any of them, and one will most likely find an enthusiast beneath the skin. Why else would anyone be willing to risk time and money in a business notorious for its glorious failures?

Vintage motorcycle price guide covering 100 different motorcycle marques from 1901-1999. Has over 120,000 prices on a six point grading scale. Teaches people how to properly grade a motorcycle. Has a currency conversion chart from U.S. dollars to other currencies. Market analysis for "what's hot and what's not" for those investing in vintage motorcycles. Prices are
