Lean Thinking was launched in the fall of 1996, just in time for the recession of 1997. It told the story of how American, European, and Japanese firms applied a simple set of principles called 'lean thinking' to survive the recession of 1991 and grow steadily in sales and profits through 1996. Even though the recession of 1997 never happened, companies were starving for information on how to make themselves leaner and more efficient. Now we are dealing with the recession of 2001 and the financial meltdown of 2002. So what happened to the exemplar firms profiled in Lean Thinking? In the new fully revised edition of this bestselling book those

Manage constraints and reduce bottlenecks Implement cellular manufacturing

What is Lean? Pure and simple, lean is reducing the time from customer order to manufacturing by eliminating non-value-added waste in the production stream. The ideal of a lean system is one-piece flow, because a lean manufacturer is continuously improving. Most other books on lean management focus on technical methods and offer a picture of how a lean system should look like. Other books provide snapshots of companies before and after lean was implemented. This is the first book to provide technical descriptions of successful solutions and performance improvements. It's also the first book to go beyond snapshots and includes

powerful first-hand accounts of the complete process of change; its impact on the entire organization; and the rewards and benefits of becoming lean. At the heart of *Becoming Lean* are the stories of American manufacturers that have successfully implemented lean methods. The writers offer personalized accounts of their organization's lean transformation. You have a unique opportunity to go inside the implementation process and see what worked, what didn't, and why.

Outlines a revisionist approach to management while arguing against common perceptions about the inevitability of startup failures, explaining the importance of providing genuinely needed products and services as well as organizing a
