A Bird in the Hand is the first novel featuring George and Molly Palmer-Jones by Ann Cleeves, author of the Shetland and Vera Stanhope crime series. In England's birdwatching paradise, a new breed has been sighted – a murderer . . . Young Tom French was found dead, lying in a marsh on the Norfolk coast, with his head bashed in and his binoculars still around his neck. One of the best birders in England, Tom had put the village of Rushy on the birdwatching map. Everyone liked him. Or did they? George Palmer-Jones, an elderly birdwatcher who decided quietly to look into the brutal crime, discovered mixed feelings aplenty. Still, he remained baffled by a deed that could have been motivated by thwarted love, pure envy, or something else altogether. But as he and his fellow "twitchers" flocked from Norfolk to Scotland to the Scilly Isles, in response to rumours of rare sightings, George – with help from his lovely wife, Molly – gradually discerned the true markings of a killer. All he had to do was prove it . . . before the murderer strikes again.

From the #1 New York Times bestselling author of Orphan Train, and the critically acclaimed author of The Way Life Should Be, comes a novel about the choices we make, how they shape our lives, and how they can change them forever—includes a special PS section featuring insights, interviews, and more. On the drive home from a rare evening out, Alison collides with another car running a stop sign, and—just like that—her life turns upside down. When she calls her husband from the police station, his accusatory tone reveals cracks in their relationship she'd never noticed were there. Now she notices everything. And she begins to realize that the life she carefully constructed for herself is as tenuous as a house of cards. Exquisitely written, powerful, and thrilling, Bird in Hand is a novel about love and friendship and betrayal, and about the secrets we tell ourselves and each other.

when a betrayal in the family calls on Louie's skills for requital. The betrayer is his best friend and mentor. Almost everything Louie knows he owes to this double-crosser. So how can he avenge his family and also make a personal payback? A mere "hit" doesn't fix the damages; in fact, it turns out that things become terribly worse for Louie. His bird may have been knocked from the nest, but there is something left behind... Part II: At a later time, in a different place... On full moon nights, citizens of a quiet, small Wisconsin town are being murdered. Werewolf? It would seem. The community's delicate fabric begins to unravel as suspicion slowly swirls around one of its known and respected members. "Innocent until proven guilty" is not the going attitude. It twists, suspends, even flirts with the supernatural. One thing promised, it will keep you guessing which way the maze will turn next, provided you've assumed the right path at the last turn.

The bird book for birders and nonbirders alike that will excite and inspire by providing a new and deeper understanding of what common, mostly backyard, birds are doing—and why: "Can birds smell?"; "Is this the same cardinal that was at my feeder last year?"; "Do robins 'hear' worms?" "The book's beauty mirrors the beauty of birds it describes so marvelously." —NPR In *What It's Like to Be a Bird*, David Sibley answers the most frequently asked questions about the birds we see most often. This special, large-format volume is geared as much to nonbirders as it is to the out-and-out obsessed, covering more than two hundred species and including more than 330 new illustrations by the author. While its focus is on familiar backyard birds—blue jays, nuthatches, chickadees—it also examines certain species that can be fairly easily observed, such as the seashore-dwelling Atlantic puffin. David Sibley's exacting artwork and wide-ranging expertise bring observed behaviors vividly to life. (For most species, the primary illustration is reproduced life-sized.) And while the text is aimed at adults—including fascinating new scientific research on the myriad ways birds have adapted to environmental changes—it is nontechnical, making it the perfect occasion for parents and grandparents to share their love of birds with young children, who will delight in the big, full-color illustrations of birds in action. Unlike any other book he has written, *What It's Like to Be a Bird* is poised to bring a whole new audience to David Sibley's world of birds.

This is a book that sings." - Betsy Bird, School Library Journal blog *A Fuse #8 Production* Living in Coppertown is like living on the moon. Everything is bare—there are no trees, no birds, no signs of nature at all. And while Jack loves his town, he hates the dangerous mines that have ruined the land with years of pollution. When the miners go on strike and the mines are forced to close, Jack's life-long wish comes true: the land has the chance to heal. But not everyone in town is happy about the change. Without the mines, Jack's dad is out of work and the family might have to leave Coppertown. Just when new life begins to creep back into town, Jack might lose his friends, his home, and everything he's ever known. Dulemba paints a vivid picture of life in the Appalachia in this beautiful story about a boy looking for new beginnings while struggling to hold on to the things he loves most.
