Native American tribes after they were forced from their homes by the United States government. Beginning in 1831, tens of thousands of men, women and children were forced to move west from the Deep South to what is now Oklahoma. The motivations for this forced removal, and subsequent developments in the five tribes' homelands, highlight the magnitude of the trail's historic importance.

Andrew Jackson, Indian Removal Act, and the Trail of Tears

The dynamic ability of tribes to adapt to new environments is evident in William McLoughlin's *After the Trail of Tears: The Cherokees' Struggle for Sovereignty 1839-1880* (1993).

Although the usual historical interpretation of the Trail of Tears has portrayed Indians as victims of federal policy, renewed attention to earlier scholarship such as Grant Foreman's works shows that Indians were making decisions to move west of the Mississippi long before the Removal Act.
