By Frederick Simanjuntak, TessaIonika Barus and Anastasia Anggita, Makarim & Taira S. The Indonesian aviation sector has grown rapidly over the past few years. Due to this, airlines and lessors have been capitalising on the general availability of diverse sources of funding. In particular, aircraft sale-leaseback or lease transactions are used more frequently due to competitive pricing and Indonesia has been trying to develop a legal framework to accommodate the financing and leasing of aircraft.
