A NATIONAL BESTSELLER "All Souls is the written equivalent of an Irish wake, where revelers dance and sing the dead person's praises. In that same style, the book leavens tragedy with dashes of humor but preserves the heartbreaking details." *New York Times Book Review* A breakaway bestseller since its first printing, *All Souls* takes us deep into Michael Patrick MacDonald's Southie, the proudly insular neighborhood with the highest concentration of white poverty in America. Rocked by Whitey Bulger's crime schemes and busing riots, MacDonald's Southie is populated by sharply hewn characters. We meet Ma, Michael's mini-skirted, accordion-playing, single mother who endures the deaths of four of her eleven children. And there are Michael's older siblings Davey, sweet artist-dreamer; Kevin, child genius of scam; and Frankie, Golden Gloves boxer and neighborhood hero whose lives are high-wire acts played out in a world of poverty and pride. Nearly suffocated by his grief and his community's code of silence, MacDonald tells his family story here with gritty but moving honesty. *All Souls* is heartbreaking testimony to lives lost too early, and the story of how a place so filled with pain could still be "the best place in the world."

An "alternately funny and heartbreaking" memoir of leaving—and finding—home, by the author of *All Souls: A Family Story from Southie* (Newsweek). In *All Souls*, Michael Patrick MacDonald told the story of the loss of four of his siblings to the violence, poverty, and gangsterism of Irish South Boston. In *Easter Rising*, he tells the story of how he got out. Desperate to avoid the "normal" life of Southie, Michael first reinvents himself in the burgeoning punk rock movement and the thrilling vortex of Johnny Rotten, Mission of Burma, and the Clash. At nineteen, he escapes further, to Paris and then London. Finally, out of money, he contacts his Irish immigrant grandfather—who offers a loan, but only if Michael will visit Ireland. It is on this reluctant journey to his ancestral land that Michael will find a chance at reconciliation—with his heritage, his neighborhood, and his family—and, ultimately, a way forward.

MacDonald's first book told of the loss of the author's four siblings to the violence, poverty, and gangsterism of Boston's Irish-American ghetto. The question "How did you get out?" has haunted him ever since. This narrative of reinvention begins with th

Chronicles the criminal career of the gangster who provided a protection racket against drug lords, ran illegal gambling, robbed banks, and served as an informant for the FBI until going into hiding for sixteen years.

A new edition, including the story of the founding of the Harlem Children's Zone Long before the avalanche of praise for his work—from Oprah Winfrey, from President Bill Clinton, from President Barack Obama—long before he became known for his talk show appearances, Members Project spots, and documentaries like *Waiting for "Superman"*, Geoffrey Canada was a small boy growing up scared on the mean streets of the South Bronx. His childhood world was one where "sidewalk boys" learned the codes of the block and were ranked through the rituals of fist, stick, and knife. Then the streets changed, and the stakes got even higher. In his candid and riveting memoir, Canada relives a childhood in which violence stalked every street corner.

It's all in good fun, until the soccer player is killed in a freak accident . . . just as Cole and Greg predicted. The uneasy boys vow to leave Wikipedia alone but someone continues to edit articles about classmates dying in gruesome ways . . . and those entries start to come true as well. A memoir from a schoolteacher of growing up in the heart of the Midwest during the Great Depression describes her close family life on an Iowa farm during a time of endless work and resourcefulness, with no tolerance for idleness or waste.

Years in the making, here is the unforgettable life story of an African American Woman who brought joy to the whole world and changed the way people thought of themselves. She fought prejudice, suspicion, hatred, sadness, and all the things that drive people apart. Sister Thea Bowman, a pioneering leader of interracial relations, brought the experience of growing up a black girl in civil-rights-era Mississippi to a convent of white Catholic sisters in Wisconsin, and then to the world beyond. Her groundbreaking work across the United States and overseas helping people to build interracial bridges during the 1980s has been the subject of numerous articles, books, and TV shows. 1980-1988. Thea is among the founders of the Institute for Black Catholic Studies at Xavier University in New Orleans, where she teaches until 1988. She is also an annual speaker at the University of Mississippi's Faulkner Conference/

Bestselling author Alex Kotlowitz is one of this country's foremost writers on the ever explosive issue of race. In this gripping and ultimately profound book, Kotlowitz takes us to two towns in southern Michigan, St. Joseph and Benton Harbor, separated by the St. Joseph River. Geographically close, but worlds apart, they are a living metaphor for America's racial divisions: St. Joseph is a prosperous lakeshore community and ninety-five percent white, while Benton Harbor is impoverished and ninety-two percent black. When the body of a black teenaged boy from Benton Harbor is found in the river, unhealed wounds and suspicions between the two towns' populations surface as well. The investigation into the young man's death becomes, inevitably, a screen on which each town projects their resentments and fears. *The Other Side of the River* sensitively portrays the lives and hopes of the towns' citizens as they wrestle with this mystery--and reveals the attitudes and misperceptions that undermine race relations throughout America.
