The course that gets students talking - now available in American English.

"Texts must be interesting enough for students to want to read them in their own language. Otherwise, how can we expect students to want to read them in English?" This is the authors' golden rule when they choose texts and topics for every level of American English File. It ensures you get material that learners will enjoy reading and will want to talk about. Texts such as "Could you live without money?" really help to generate opinion and discussion. They create a desire to communicate. Having created the desire, American English File then helps you to develop learners' communication skills. One way it does this is with a strong focus on pronunciation. Research shows that poor pronunciation is a major contributor to breakdowns in communication (Jennifer Jenkins: The Phonology of English as an International Language). American English File integrates pronunciation into every lesson - the "little and often" approach. But that's not all. The unique English File Sounds Chart puts a picture to each sound in the phonetic alphabet, so learners find it easier to remember the sounds and, ultimately, improve their pronunciation.

American English File's unique, lively and enjoyable lessons are renowned for getting students talking. How will American English File Third Edition get your students talking? Lessons and activities that provide the necessary language, motivation, and opportunity for students to talk with confidence. Learners build confidence to communicate with a proven balance of Grammar, Vocabulary, Pronunciation, and Skills Development in every File. Teachers and students have access to all their American English File resources - video, audio, worksheets and much more - in one easy-to-manage place.

With a wide range of exciting new digital material, including all new documentaries, this new edition of American English File is still the number one course to get your students talking. American English File Second Edition retains the popular methodology developed by world-renowned authors Christina Latham-Koenig and Clive Oxenden: language + motivation = opportunity. With grammar, vocabulary, and pronunciation practice in every lesson, students are equipped with a solid foundation for successful speaking. Plus - an array of digital resources provides even more choice and flexibility. Students can learn in the classroom or on the move with Online Practice.
