Over 100,000 copies in print! If you look around in your church today, two-thirds of the young people who are sitting among us have already left in their hearts: soon they will be gone for good. This is the alarming conclusion from a study Answers in Genesis commissioned from America's Research Group, led by respected researcher Britt Beemer. The results may unnerve you - they may shake long-held assumptions to the core - but these results need to be taken seriously by the church. Already Gone reveals: " Why America's churches have lost an entire generation of believers " The views of 1,000 twenty-somethings, solidly raised in the church but no longer attending - and their reasons why " Relevant statistical data effectively teamed with powerful apologetics The study found that we are losing our kids in elementary, middle school, and high school rather than college, and the "Sunday school syndrome" is contributing to the epidemic, rather than helping alleviate it. This is an alarming wake-up call for the church, showing how our programs and our approaches to Christian education are failing...and our children are paying the price. Though the statistics reveal a huge disconnect taking place between our children and their church experience, Already Gone shows how to fight back for our families, our churches, and our world. We can make a difference today that will affect the statistics of tomorrow in a positive and Christ-focused way!

Discover how many evangelical leaders, willingly or unwittingly, are undermining the authority of God's Word by compromising the Bible in Genesis Learn how allowing for an old/universe of billions of years unlocks a door of compromise Heed the wake-up call to the Church to return to the authority of God's Word, beginning in Genesis. Today, most Bible colleges, seminaries, K-12 Christian schools, and now even parts of the homeschool movement do not accept the first eleven chapters of Genesis as literal history. They try to fit the supposed billions of years into Genesis, and some teach evolution as fact. Our churches are largely following suit. Ken Ham, international speaker and author on biblical authority, examines how compromise starting in Genesis, particularly in regard to the six days of creation and the earth's age, have filtered down from the Bible colleges and seminaries to pastors!and finally to parents and their children. This erosive legacy is seen in generations of young people leaving the Church!2/3 of them. Get the facts, discover God's truth, and help bring a new reformation to the Church by helping to call it back to the authority of God's Word.

Discover important context to answer relevant faith questions Easy-to-understand exploration of the biblical text The essential guide to laying a faith-foundational view Faith without a strong foundation crumbles in the face of today's relentless cultural rejections.
