The definitive biography of the rock 'n' roll kings of the North With extensive, first-hand reflections from Geddy Lee, Alex Lifeson, and Neil Peart, as well as from family, friends, and fellow musicians, Anthem: Rush in the '70s is a detailed portrait of Canada's greatest rock ambassadors. The first of three volumes, Anthem puts the band's catalog, from their self-titled debut to 1978's Hemispheres (the next volume resumes with the release of Permanent Waves) into both Canadian and general pop culture context, and presents the trio of quintessentially dependable, courteous Canucks as generators of incendiary, groundbreaking rock 'n' roll. Fighting complacency, provoking thought, and often enraging critics, Rush has been at war with the music industry since 1974, when they were first dismissed as the Led Zeppelin of the north. Anthem, like each volume in this series, celebrates the perseverance of Geddy, Alex, and Neil: three men who maintained their values while operating from a Canadian base, throughout lean years, personal tragedies, and the band's eventual worldwide success.

POWER AND RESPONSIBILITY is the third volume of Alastair Campbell's unique daily account of life at the centre of the Blair government. It begins amid conflict in Kosovo, and ends on September 11, 2001, a day which immediately wrote itself into the history books, changing the course of both the Bush presidency and the Blair premiership. In this volume, we see that New Labour's honeymoon is well and truly over. In addition to detailing the continuing tensions at the top, here we find graphic accounts of a variety of domestic crises: foot-and-mouth disease and protests over fuel prices which almost brought Britain to a halt. Volume Three includes Peter Mandelson's second resignation, the agonies of the Millennium Dome, and the most unexpected slow-handclapping in memory, when the Women's Institute turned against Tony Blair. Yet despite all the problems - not least the most accident-prone manifesto launch in history, complete with deputy prime minister John Prescott punching a voter - Labour won a second successive landslide election victory. That triumph is intimately recorded here, alongside the high points of this period, such as devolution to Northern Ireland and the fall of Milosevic.

Fodor's Buenos Aires, 2nd Edition With Side Trips to Gaucho Country, Iguazu, and Uruguay

A story for children about why we should care for our little blue planet, the only home we have, to

teach ecology, sustainability and responsibility.

The true story of one man's reluctant but relentless war against the invaders of his country. A quiet, wealthy plantation owner, Jack Hinson watched the start of the Civil War with disinterest. Opposed to secession and a friend to Union and Confederate commanders alike, he did not want a war. After Union soldiers seized and murdered his sons, placing their decapitated heads on the gateposts of his estate, Hinson could remain indifferent no longer. He commissioned a special rifle for long-range accuracy, he took to the woods, and he set out for revenge. This remarkable biography presents the story of Jack Hinson, a lone Confederate sniper who, at the age of 57, waged a personal war on Grant's army and navy. The result of 15 years of scholarship, this meticulously researched and beautifully written work is the only account of Hinson's life ever recorded and involves an unbelievable cast of characters, including the Earp brothers, Jesse James, and Nathan Bedford Forrest.

"Stan," I said, and I said it kind of loud so of course he had to look up. "Tomorrow morning: 8:37. The red van with the out-of-state plates? You go head to head. You lose. You die." After freakishly foretelling the death of a friend, Luke Hunter becomes big news in Stokum, his rank little pinprick of a hometown. Terrified, but pretending not to be, Luke holds everyone—the local media, his buddy Fang, the Polish widow next door—at arm's length as he lurches through a personal minefield studded with previously unconsidered existential ponderings, Christian fundamentalists, a missing teen's frantic mother, and a dream girl who isn't his. Hormonal and funny, exhilarating and wise, Anthem of a Reluctant Prophet slyly explores the need to belong, the isolation of youth, and the powerful brew of fear and truth, music and noise, that plays inside us all.

Forget everything you already knew about the Fabulous Killjoys! Writers Gerard Way and Shaun Simon, along with Illustrator Leonardo Romero (Hawkeye), colorist Jordie Bellaire (Redlands), and letterer Nate Piekos (The Umbrella Academy) team up to present an all-new modern day Killjoys series, as Way and Simon take it all the way back to the original story that inspired My Chemical Romance's concept album Danger Days and its dystopian comic book series in The True Lives of the Fabulous Killjoys: National Anthem. The Fabulous Killjoys, once a group of teenage exterminators determined to save reality, have lost their way--and their memories. After a period of mental confinement, former Killjoys leader Mike Milligram gets de-programmed and hits the road to bring the gang back together for a final showdown against an evil pharmaceutical corporation, their monstrous hitman, and savage gang rivals. This oversized hardcover collects issues #1-#6 of National Anthem as well as a brand new eight-page Killjoys story exclusive to the hardcovers.
