## **General Format // Purdue Writing Lab**

A note on APA reference page style: In this guide, “bibliography” and “references” may be used interchangeably, even though there are some differences between the two. The most important thing is to use the label “References” when writing your paper since APA style recommends including a reference page.

## **APA Reference Page: How to Format Works Cited | EasyBib**

The APA reference page is a separate page at the end of your paper where all sources you cited in the main text are listed. The references are sorted alphabetically, double spaced, and formatted using a hanging indent of 1/2 inch. Use “References” as page

references. For full references on the final page of the project, only include capital letters at the beginning of the title, at the beginning of each proper noun, and at the beginning of the first word in the subtitle.

## **How to Cite a Website in APA | EasyBib Citations**

All references cited in the text must appear in the reference list, except for personal communications (such as conversations or emails) which cannot be retrieved. A bibliography is different from a reference list as it lists all the sources used during your research and background reading, not just the ones you refer to in your writing.

Covers quality of content, types of
