This book focuses on the material covered in a typical law school course on Bankruptcy. It covers both business and consumer bankruptcy. The book explains basic bankruptcy concepts and then uses those concepts to make code provisions understandable.

This thoroughly updated casebook is designed for Chapter 11 bankruptcy courses, and it is also suitable for general courses focusing on business bankruptcy. The fourth edition retains the basic approach of the earlier editions. It presents a hypothetical company in some detail (including financial statements) and follows that company through the process of reorganization, from attempted workout to plan confirmation. It provides students with the foundation for a business bankruptcy practice: a solid grounding in the law; an orientation to the business issues; and a step-by-step view of the process that may be able to rescue a financially distressed business, either by a traditional reorganization or a sale of the business as a going concern. The treatment of the avoiding powers has been particularly strengthened

Agency Relation; Authority and Power of Agents; Ratification; Termination of Agent's Powers, Master and Servant, Notice and Knowledge; Duties of Agent to Principal; Duties of Principal to Agent; Duties of Principal to Third Party; Duties of Third Person to Principal; Duties of Agent to Third Party; Duty of Third Party to Agent; Common Law Rules and Statutory Modifications; Partnership; Relations Between Partners; Relations of Partners to Third Persons; Partnership Property; Dissolution; Bankruptcy; Taxation; Special Forms; Joint Ventures; Unincorporated Associations.

This comprehensive text provides an exhaustive analysis and discussion of every aspect of bankruptcy law, including an overview of bankruptcy; invoking bankruptcy relief (with a very detailed explanation of the means test); the automatic stay; jurisdiction and procedure; property of the estate; trustee's avoiding powers; payment of claims; executory contracts and unexpired leases; exemptions; discharge; reorganization under Chapter 11; debt adjustments under Chapter 13; debt adjustments under Chapter 12; and cross-border cases under chapter 15. The 2005 BAPCPA amendments and the extensive case law thereunder are explained and critiqued. All legislation through the spring of 2020 is discussed, including the 2019 SBRA and the 2020 CARES Act. All relevant Supreme Court cases through the 2020 Term are discussed in depth.

Gilmore, Grant. *Security Interests in Personal Property*. Boston: Little, Brown & Company, 1965. Two volumes. xxxiv, 651; xiii, 653-1508 pp. Reprinted 1999 by The Lawbook Exchange, Ltd. LCCN 99-10258. ISBN 1-886363-81-1. Cloth. \$195. * Written by the late Grant Gilmore, Co-Reporter for Article 9 of the Uniform Commercial Code, this landmark work, often cited, is extremely well respected as an acknowledged authority in this area. Combines an engrossing account of the drafting of Article 9 as it emerged in its final form with important interpretive data relating to security interests. This title is the recipient of both the Order of the Coif and the James Barr Ames award. Now back in print and of continued relevance today.

Bankruptcy is a complicated subject that covers a lot of ground. Bankruptcy lawyers can be found on Main Street and Wall Street. This efficient and effective guide to Bankruptcy will help you see the big picture. The authors focus on explaining the key concepts or building blocks that apply in any type of bankruptcy case, and then help you see those concepts in action in cases under the different chapters of the Bankruptcy Code, in proceedings ranging from individual consumer debtors in Chapter 7 or 13 to Fortune 500 Corporations in Chapter 11. To make the learning process more bearable, the authors have also infused the book with humor. Each of the authors is nationally-renowned law teacher who has practiced and taught Bankruptcy for many years. One of them is even a former bankruptcy judge. Based on that experience, in this book they have set forth understandable techniques for mastering the law governing bankruptcy law, procedure, and real-world practice (in an exceedingly attractive manner).

This book covers bankruptcy law, policy, and practice, focusing on consumer bankruptcy and the basics of business bankruptcy. Its innovative organization and integrated use of graphics introduce students to the variety of often competing policies that apply when an individual or business entity experiences financial distress. The book's 101 carefully-designed problems facilitate learning and focus class discussion. Review questions at the end of most chapters

facilitate student self-assessment of their understanding and mastery of the law material and its application.

The book is designed to promote student appreciation of the interaction of legal doctrines as they are applied in the white collar crime field. The material exposes students to substantive criminal law, criminal procedure, administrative procedure, corporate law, evidence, civil procedure, sentencing law, and highly specialized regulatory law. The book also allows students to appreciate the influence of administrative policies and the influence of the basic "culture" of white collar criminal practice. In addition to traditional materials in the casebook, a companion statutory and documentary supplement provides rich primary source material.
