author ' s private archive. Dressing Barbie is a dazzling celebration of the clothes that made America ' s favorite doll, and the incredible woman behind them. For thirty-five years, Carol Spencer enjoyed an unparalleled reign as a Barbie fashion designer, creating some of Barbie ' s most iconic looks from the early 1960s until the late 1990s. Barbie ' s wide-ranging wardrobe—including princess gowns and daisy-print rompers, flirty sundresses and smart pantsuits— combined fashion trends and haute couture with a liberal dose of fantasy. In Dressing Barbie, the successful and prolific designer reminisces about her time at Mattel working with legendary figures such as Ruth Handler, Barbie ' s creator, and Charlotte Johnson, the original Barbie designer, and talks about her

best and most beloved clothing designs from each decade. But Carol ' s most impressive creation is her own life. As Handler famously said, “ Barbie always represented the fact that a girl has choices ” —a credo Carol epitomized. In *Dressing Barbie*, she talks candidly about how she broke free of the constraints of the late 1950s to pursue a dazzling career and an independent life for herself. Over the course of her successful and prolific career, Carol won many accolades. She was the first designer to have her signature on the doll, the first to go on a signing tour, the first to design a limited-edition Barbie Doll for collectors, and the designer of the biggest selling Barbie of all time. Now, Carol is the first member of the inner circle to take fans behind the pink curtain, revealing the fashion

Graduating from Antwerp's Royal Academy of Fine Arts in the 1980s, Martin Margiela (and his contemporaries in the Antwerp Six) transformed global fashion with his aggressive restatement of traditional fashion design and a polemical approach to luxury trends. Working first with the house of Gaultier, Margiela absorbed the radical design of Japanese deconstruction, making it wholly his own with the founding of his own label in 1988. Margiela propounds a singular, enigmatic look, moving beyond the recognizable tropes of deconstruction--a monochromatic palette, oversized garments, non-traditional fabrics, exposed seams, or roughly applied
