Propounding his "small ball theory" of sports literature, George Plimpton proposed that "the smaller the ball, the more formidable the literature." Of course he had the relatively small baseball in mind, because its literature is formidable--vast and varied, instructive, often wildly entertaining, and occasionally brilliant. From this bewildering array of baseball books, Ron Kaplan has chosen 501 of the best, making it easier for fans to find just the books to suit them (or to know what they're missing). Each year the publication focuses on the history of baseball in a different region or city, following the annual SABR convention from one major league territory to another. The 2018 volume focuses on Pittsburgh, home to some truly significant episodes in baseball history, being not only the home to the great Negro Leagues teams the Homestead Grays and Pittsburgh Crawfords, but to a major league team who came by their name honestly--no pun intended--for what others called the "piratical" practice of poaching players. The articles in the volume are arranged chronologically, starting from the opening of Forbes Field in 1909 and carrying through to a story of the annual fan gathering each October at the section of Forbes Field wall that still stands today. Fane re-live the magic of Game Seven of the 1960 World Series on the very spot where Bill Mazeroski's home run flew over the wall. The articles feature not only the hall-of-fame players Honus Wagner, Josh Gibson, Roberto Clemente, and Willie Stargell, but some lesser remembered figures like Guy Bush, Roy Face, Sam Bankhead, and Carlos Bernier. The tales of Honus Wagner running for sheriff, Moses YellowHorse learning bad habits from Rabbit Maranville, and Pirates player Mudcat Grant's quest to sing the National Anthem are told alongside articles detailing Pittsburgh-related baseball litigation, Pirates appearances in the movies, and amateur baseball contests that produced several major leaguers.
