While a braid line can be useful in some cases for shore fishing, putting a mono line on your spool will be the better choice for all-round sea fishing. The average fisherman will use no more than a 10lb to 15lb line but you need to check the instructions that come with your reel to see what they advise is best for the reel you purchased.

The Beginners guide to fishing from the shore, pier, beach ...

Some people will only fish beaches at night thinking that the biggest fish will only come close to shore to feed then. To some extent that is true but some species will also come in close to the shore in daylight as long as the conditions are right. The best time to fish a beach is when the fish are likely to be there.

Beach Fishing for Beginners - Fishing in the UK | Sea ...

Garfish as a rough guide will be around 4ft to 10ft under the water. Mackerel and pollock as a rough guide will be half way up. If you're float fishing what you need to do is setup the stopknot depth to around 10ft and see what happens. If nothing happens after 10 to 20 minutes raise or lower the depth until you find the fish.

Fishing is a more general term that includes angling but also fishing with nets. For the purpose of this guide, fishing refers to all recreational fishing – this includes freshwater fishing, sea angling and competitive fishing.

A Beginner's Guide to Fishing - Saving Lives at Sea

Sea fishing as its name suggests is fishing for species that inhabit the sea. An off-shoot of coarse angling is Carp fishing. Carp is the common name for the fish belonging to the family Cyprinidae. These fish can grow to really big weights and over the last decade or so anglers have specifically targeted these specimen fish.
