Bond and Money Markets - 1st Edition

Risk Differences. Since short-term bond funds tend to be lower risk, many investors use the funds as a higher-yielding alternative to money market funds. Money market funds are the lowest risk option on the fixed income risk-reward spectrum, and short-term bond funds are generally considered to be the next step up the ladder in terms of both risks and return potential. 2.

Generate Safe Income — and Use Bonds to "Buy the Dip"

Actively Manage Your Bonds. I had an allocation strategy before COVID-19 blew up the world. Whenever the 10-year Treasury yield would go over 3%, I would rebalance my portfolio, selling off some of my appreciated stock and topping-up my bond allocation. Whenever yields would drop under 2%, I would rebalance again, selling off some of the bonds ...
