In the spirit of Steve Jobs and Moneyball, Elon Musk is both an illuminating and authorized look at the extraordinary life of one of Silicon Valley's most exciting, unpredictable, and ambitious entrepreneurs—a real-life Tony Stark—and a fascinating exploration of the renewal of American invention and its new “makers.” Elon Musk spotlights the technology and vision of Elon Musk, the renowned entrepreneur and innovator behind SpaceX, Tesla, and SolarCity, who sold one of his Internet companies, PayPal, for \$1.5 billion. Ashlee Vance captures the full spectacle and arc of the genius's life and work, from his tumultuous upbringing in South Africa and flight to the United States to his dramatic technical innovations and entrepreneurial pursuits. Vance uses Musk's story to explore one of the pressing questions of our age: can the nation of inventors and creators who led the modern world for a century still compete in an age of fierce global competition? He argues that Musk—one of the most unusual and striking figures in American business history—is a contemporary, visionary amalgam of legendary inventors and industrialists including Thomas Edison, Henry Ford, Howard Hughes, and Steve Jobs. More than any other entrepreneur today, Musk has dedicated his energies and his own vast fortune to inventing a future that is as rich and far-reaching as the visionaries of the golden age of science-fiction fantasy. Thorough and insightful, Elon Musk brings to life a technology industry that is rapidly and dramatically changing by examining the life of one of its most powerful and influential titans.

Route 66 Adventure Handbook is your personal guide to the vanishing American roadside, with all of its exuberance, splendor, and absurdity. For this updated and expanded fifth edition, Drew Knowles has included it all: magnificent architecture, natural wonders, Art Deco masterpieces, vintage motels and cafes, unique museums, offbeat attractions, fascinating artifacts and icons, and kitschy tourist traps. The addition of city maps, showing the multiple paths of Route 66 and displaying the exact locations of points of interest, is a major improvement over the already critically acclaimed fourth edition of the book. The fifth edition also includes hundreds of beautiful new photographs and the addition of dozens of new attractions. Additionally, GPS coordinates have been added for virtually all of the photos, so that travelers can plug the information into their smartphones and other navigation devices and instantly determine where each photo was taken and compare it to the condition of that particular site at the time of their visit. Filled with wonderfully quirky side trips and fun bits of trivia, Route 66 Adventure Handbook is the most authoritative resource for anyone looking to explore the Mother Road. Fasten your seat belts!

All-new easy keto recipes from the author of the best-selling The Keto Instant Pot Cookbook

How can a man like him ever be enough? Jesse has never had a real boyfriend before. He's a firefighter, and that's all that anyone's interested in—a quick and thrilling screw, and a story for the future. So when he lands Ezra Pryce, the most beautiful man in the whole of Brighton, Jesse can't quite understand why Ezra is still here eight months down the line. Not that he's going to complain. Ezra's sexy, sarcastic, and nothing shot of perfection—and Jesse can't hope to measure up. He isn't going to be enough for someone like Ezra in the long run, and he is living—and loving—on borrowed time. When a disastrous weekend in Norwich introduces Jesse to the staunch disapproval of Ezra's family and the six-pack of his ex-boyfriend in one fell swoop, Jesse's fate is sealed. He cannot hope to live up to an ex who has every intention of getting Ezra back, and all the looks and charm to do it too. Jesse is not enough for Ezra and he's never going to be. Right?

Voted second on Modern Drummer's list of 25 Greatest Drum Books in 1993, Progressive Steps to Syncopation for the Modern Drummer is one of the most versatile and practical works ever written for drums. Created exclusively to address syncopation, it has earned its place as a standard tool for teaching beginning drummers syncopation and strengthening reading skills. This book includes many accented eighths, dotted eighths and sixteenths, eighth-note triplets and sixteenth notes for extended solos. In addition, teachers can develop many of their own examples from it.

Alfred's Drum Method, Books 1 and 2 are the ideal teaching tools to help prepare beginning players for all styles of snare drum and percussion performance. Book 1 contains 80 pages of sequential instruction covering rudimental studies, roll studies, contest solos, and bass drum and cymbal technique. Book 1 also includes 23 solos suitable for recitals and contests. Book 2 is much more than just a snare drum method! It continues the learning process by covering additional rudimental studies, tonal properties of the snare drum, theme and variations, musical forms, solos and duets. Book 2 also covers traditional rudimental style, corps style (by Jay Wanamaker), orchestral style, accessory instruments, and multiple-percussion techniques. The DVD includes demonstrations of all the rudiments and accessory instruments, plus solo performances by the authors. This title is available in SmartMusic.

Unravel the mysteries of Ravenloft® in this dread adventure for the world's greatest roleplaying game Under raging storm clouds, the vampire Count Strahd von Zarovich stands silhouetted against the ancient walls of Castle Ravenloft. Rumbling thunder pounds the castle spires. The wind's howling increases as he turns his gaze down toward the village of Barovia. Far below, yet not beyond his keen eyesight, a party of adventurers has just entered his domain. Strahd's face forms the barest hint of a smile as his dark plan unfolds. He knew they were coming, and he knows why they came — all according to his plan. A lightning flash rips through the darkness, but Strahd is gone. Only the howling of the wind fills the midnight air. The master of Castle Ravenloft is having guests for dinner. And you are invited.
