Compelling and accessible, this Very Short Introduction challenges the perception of borders as passive lines on a map, revealing them instead to be integral forces in the economic, social, political, and environmental processes that shape our lives. Highlighting the historical development and continued relevance of borders, Alexander Diener and Joshua Hagen offer a powerful counterpoint to the idea of an imminent borderless world, underscoring the impact borders have on a range of issues, such as economic development, inter- and intra-state conflict, global terrorism, migration, nationalism, international law, environmental sustainability, and natural resource management. Diener and Hagen demonstrate how and why borders have been, are currently, and will undoubtedly remain hot topics across the

social sciences and in the global headlines for years to come. This compact volume will appeal to a broad, interdisciplinary audience of scholars and students, including geographers, political scientists, anthropologists, sociologists, historians, international relations and law experts, as well as lay readers interested in understanding current events.

It began with the best of intentions. Worried about the effects of alcohol on American families, mothers and civic leaders started a movement to outlaw drinking in public places. Over time, their protests, petitions, and activism paid off—when a Constitutional Amendment banning the sale and consumption of alcohol was ratified, it was hailed as the end of public drunkenness, alcoholism, and a host of other social ills related to booze. Instead, it began a decade of lawlessness, when children smuggled (and drank) illegal alcohol, the most upright citizens casually broke the law, and a host of notorious gangsters entered the public eye. Filled with period art and photographs, anecdotes, and portraits of unique characters from the era, this fascinating book looks at the rise and fall of the disastrous social experiment known as Prohibition. *Bootleg* is a 2011 Kirkus Best Teen Books of the Year title. One of School Library Journal's Best Nonfiction Books of 2011. YALSA Excellence in Nonfiction Finalist in 2012.

In a universe where corruption and deception rule all aspects of life, sparks of rebellion threaten to ignite . . . *BORN OF SILENCE* As the Resistance leader, Zarya Starska's only goal is to topple the government that destroyed her entire family and left her penniless. Her biggest asset is a mysterious man known only as Kere. But Kere has a dark secret. Born into a world

that is as privileged as it is corrupt, his real name is Darling Cruel-and he is heir to the government Zarya wants to overthrow. No one has ever seen the real man behind the legend. No one except Zarya. But when she allows a weapon he designed to be used against his beloved sister, all bets are off. Betrayed by the Resistance, Darling's goal is not only to reign, but to kill every Resistance member he can find. Zarya must stop Darling's reign of terror, but can she reach past his insanity to restore the hero who once fought by her side?

Suoh Detective Agency is not your ordinary private detective agency. It is the base and home to Team J.A.T., a group of four executors with the mission to fight crimes that slip through the cracks of police jurisdiction. The team must bring justice to evil while keeping their own existence a complete secret. Nevertheless, their teamwork is like clockwork, and their leader Yamato, a charismatic man with a tragic past, will do anything to protect the team he calls family!

Bookstore owner Tricia Miles has put up-and put up with-her uninvited college roommate for weeks. In return, Pammy has stolen \$100. But the day she's kicked out, Pammy's found dead in a Dumpster, leaving loads of questions unanswered.

Janie was four years old when she nearly drowned due to her mother's neglect. Through an unhappy foster home experience, and years of feeling that she is unwanted, she keeps alive her dream of someday being a famous singer.

An exotic, heartbreaking memoir that should finally earn Paula Fox, a distinguished novelist and children's book writer, the audience she has for decades deserved. Paula Fox has long been acclaimed as one of America's most brilliant fiction writers. *Borrowed Finery*, her first book in nearly a decade, is an astonishing memoir of her highly unusual beginnings. Born in the twenties to nomadic, bohemian parents, Fox is left at birth in a Manhattan orphanage, then cared for by a poor yet cultivated minister in upstate New York. Her parents, however, soon resurface. Her handsome father is a hard-drinking screenwriter who is, for young Paula, "part ally, part betrayer." Her mother is given to icy bursts of temper that punctuate a deep indifference. How, Fox wonders, is this woman "enough of an organic being to have carried me in her belly"? Never sharing more than a few moments with his daughter, Fox's father allows her to be shunted from New York City, where she lives with her passive Spanish grandmother, to Cuba, where she roams freely on a relative's sugar-cane plantation, to California, where she finds herself cast upon Hollywood's grubby margins. The thread binding these wanderings is the "borrowed finery" of the title—a few pieces of clothing, almost always lent by kind-hearted strangers, that offer Fox a rare glimpse of permanency. Vivid and poetic, *Borrowed Finery* is an unforgettable book which will swell the legions of Paula Fox's devoted admirers.

In a world where the League and its assassins rule, where betrayal and treachery are everywhere, the only survivors are those ones who are...born of shadows. For Caillen Dagan, a defiant soldier of fortune, survival isn't a right, it's a brutal daily battle. Moving through the Ichidaian universe like a wraith, his brushes with the law and death are legendary. But when an act of rare heroism reveals his hidden birthright, he's forced into a world much more dangerous and cold-hearted than the bloody streets where he was raised-one of obscene wealth and lethal politics. Ferocious and determined, Desideria serves as an official bodyguard for her queen. Born of questionable genetics, she will do anything to prove herself worthy of the weapons she carries and the position she's won by combat. But when she uncovers a ruthless plot to assassinate the queen and overthrow her country's government, Desideria is caught in the crosshairs. With assassination contracts out on both of them, Caillen and Desideria must learn to fight together or die alone. And if they fail, their governments will fall into the hands of an unimaginable evil.
