These Briggs & Stratton engines are mostly fitted to large rotary lawnmowers and compact Ride on Mowers. They are Overhead Valve and usually have an oval cartridge air filter with a plastic wrap around fuel tank with the filler cap on the right when viewed from behind the engine. Some have a cold start push primer mounted in the air filter base, some have choke or auto choke. The exhaust is on ...

i have a 5.5 diamond power briggs and stratton. Just had the lawn mower worked on after it sat up for a long time. I had them replace the safety mechanism as it was broken. My problem now is that I can cut with the mower for about an hour, then it will shut off. I prime it, then it will run for a few seconds and shut off. Help!
