Macroeconomics: A European Text, by Michael Burda and Charles Wyplosz, is an excellent example of ‘ keeping it real ’ by linking economics to real events. But examples in textbooks on a two- or three-year publication cycle become rapidly outdated. Students taking this year ’ s economics course may not have been reading newspapers two years ago. This Vox Course Companion tries to bridge this gap by providing up-to-date columns that illustrate the issues addressed in the Burda-Wyplosz text.
