Canon 420ex Manual Mode - backpacker.com.br
Canon is very good at making their camera equipment forward and backwards compatible. The 420EX will work, but because it is an older model it will not be fully compatible with the built in flash menu that has been on all Canon cameras since 2008. You will only be able to change settings directly on the flash itself.

FM Reviews - Canon Speedlite 420EX TTL

A good user manual. The rules should oblige the seller to give the purchaser an operating instruction of Canon 420EX, along with an item. The lack of an instruction or false information given to customer shall constitute grounds to apply for a complaint because of nonconformity of goods with the contract.
