The Cessna 310 is an American six-seat, low-wing, twin-engined monoplane that was produced by Cessna between 1954 and 1980. It was the first twin-engined aircraft that Cessna put into production after World War II.

~~Cessna Flyer Association – Cessna 310~~

The Cessna 310 has become popular with airline pilots, based on ownership at John Bowman ' s home airport (two of four based 310s). And he said people buy them knowing they ' re going to put money into them, because they ' re fast, reliable, and safe. “ They like the numbers, ” he added.

Cessna 310. Walton, New York/ Injuries: 1 Fatal. The pilot was conducting an instrument flight rules flight along a route that he had flown frequently in the months before the accident. About 55 minutes into the flight, while at cruise altitude, the pilot stated to air traffic control, “ I need to get on the ground immediately. ”
