Chapter 4: Methods of Concrete Construction and Building ...  
Methods of construction. In a developing situation like Guyana,  
sophisticated mechanical aids and construction equipment like  
lifting cranes and automatic rivetting machines are prominent by  
simply being unavailable in most cases. Considerable local  
ingenuity, however, is available whereby most operations and  
installations can be carried out by little more than muscle-power  
and a pair of dexterous hands.
