The rub is that conscious capitalism only makes sense when you have become sufficiently conscious to understand what it means. Until you do the work on your self and become more aware and more conscious - you will never really be aligned with these ideas, and if you are not aligned, your business will not become a conscious business.

The title of Conscious Capitalism: Liberating the Heroic Spirit of Business begs the question, "Really?" With corporate greed and misdeeds undermining American's faith in capitalism it's not easy to envision business as the hero of the story. As I picked up the book, I thought to myself, "Sounds too good to be true, convince me".

Conscious Capitalism is a fantastic book. It brings hope, understanding, clarity and illumination to the often murky and underhand world of big business. At last I can see what capitalism is meant to be, where capitalism has gone wrong and how we can get back to a magnanimous system that can benefit all of us and the world around us.
