nonfiction narratives, and interactive activities such as creating an authentic traditional dish from an easy-to-follow recipe. Copious maps and detailed timelines present the past and present of the country, while exploration of the art and architecture help your readers to understand why diversity is the spice of Life.

This definitive two-volume encyclopedia of Latin music spans 5 centuries and 25 countries, showcasing musicians from Celia Cruz to Plácido Domingo and describing dozens of rhythms and essential themes. □ Covers nearly every conceivable aspect of Latin music across almost 1,000 pages of insightful, authoritative information □ Makes clear to readers how diverse and varied "Latin music" is in its integration of influences as unexpected as the Arab world and Russia, and results from European and aboriginal cultures intermingling throughout history □ Examines why the United States in general continues to be the epicenter of Latin music and how cities such as New York and Los Angeles influence modern Latin music

This is an important chart. Chick Corea's Spain is often regarded as one of the most significant tunes in jazz. It will come together fast with its featured tenor sax solo, modest ranges, and clearly marked articulation. The melody is played by alto, tenor, trumpet, and trombone. Energy, a samba groove, and a melody that lingers in your mind it's all there in this arrangement by Victor Lopez. This brand new chart is very playable by medium-level players and should be

part of every jazz library.

"To understand the history and spirit of America, one must know its wars, its laws, and its presidents. To really understand it, however, one must also know its cheeseburgers, its love songs, and its lawn ornaments. The long-awaited Guide to the United States Popular Culture provides a single-volume guide to the landscape of everyday life in the United States. Scholars, students, and researchers will find in it a valuable tool with which to fill in the gaps left by traditional history. All American readers will find in it, one entry at a time, the story of their lives."--Robert Thompson, President, Popular Culture Association. "At long last popular culture may indeed be given its due within the humanities with the publication of The Guide to United States Popular Culture. With its nearly 1600 entries, it promises to be the most comprehensive single-volume source of information about popular culture. The range of subjects and diversity of opinions represented will make this an almost indispensable resource for humanities and popular culture scholars and enthusiasts alike."--Timothy E. Scheurer, President, American Culture Association "The popular culture of the United States is as free-wheeling and complex as the society it animates. To understand it, one needs assistance. Now that explanatory road map is provided in this Guide which charts the movements and people involved and provides a light at the end of the rainbow of dreams and expectations."--Marshall W. Fishwick, Past President, Popular Culture Association
Features of The Guide to United States Popular Culture: 1,010 pages 1,600 entries 500 contributors

Alphabetic entries Entries range from general topics (golf, film) to specific individuals, items, and events
Articles are supplemented by bibliographies and cross references Comprehensive index

Arranged in sixteen musical categories, provides entries for twenty thousand releases from four thousand artists, and includes a history of each musical genre.

Looks at the history of jazz, discussing its roots and influences, distinct styles such as ragtime, swing, Latin jazz, bebop, and fusion and offering biographies of important jazz musicians.

This anthology examines *Love's Labours Lost* from a variety of perspectives and through a wide range of materials. Selections discuss the play in terms of historical context, dating, and sources; character analysis; comic elements and verbal conceits; evidence of authorship; performance analysis; and feminist interpretations. Alongside theater reviews, production photographs, and critical commentary, the volume also includes essays written by practicing theater artists who have worked on the play. An index by name, literary work, and concept rounds out this valuable resource.
