The Hilton/Maher/Selto/Sainty text holds the modern view that managers are active participants in cost minimization, management and control. Accountants are moving away from

Download Free Cost

the traditional role of calculating and reporting results toward concentrating on the important tasks of timely analysis, interpretation, and communication of financial and related information. The text explores how cost accountants and managers create changes to increase

value at lower
cost. The First
Canadian edition
builds on the
strengths of this
market-leading US
text.- Canadian
examples have been
integrated to reflect
the economic, legal,
and cultural
environment unique to
Canada.- Key content
changes have been

includes changes to many Cost Management in Practice feature boxes as well as the use of Canadian focus companies to reflect the Canadian business environment.- Canadian business statistics and information have been used wherever
