The US economy is currently crippled by two simultaneous crises - rising Covid infections and an economic crash that happens every several years - Professor Richard Wolff told RT's Boom Bust. "The crash actually began in February, the virus hit us in March. Blaming the virus is silly - we have crashes every four to seven years anyway," Wolff noted. The only way for the US to survive the current economic collapse and recover to pre-crisis levels is "to get a massive injection of ...

As a result, business and family incomes . A boom is accompanied by a bull market in stocks and a bear market in bonds. Booms also run the risk of high inflation. That happens when demand outstrips supply, allowing companies to raise prices. The National Bureau of Economic Research determines when a boom occurs.

Economic Boom: Definition, Examples

I gasped when I saw the headline in the Wall Street Journal: "Get Ready for the Biden Stock Boom," written by Ed Finn, former editor and president of Barron's. Bob Bleiberg, the editor of Barron's before him, must be rolling over in his grave. Finn somehow claims that the market will simply ignore the impact of massive tax increases by Democrats on investors.
