I enjoyed this first entry into the series, except for a few parts that could have been better, but overall I think there is a lot of potential for interesting stories with warriors who were introduced in this first book.

~~Another enjoyable paranormal highlander series! I recently finished Dangerous Highlander by Donna Grant, the first novel in her Dark Sword series. Cara had lived with the death of her parents and did not remember much of what had happened when they were killed. Raised by the nuns, she had just turned eighteen and was about to become a nun herself.~~
