Depth of Knowledge (DOK) Levels - Windham High School

Depth of Knowledge, or DOK,
is a way to think about
content complexity, not
content difficulty. That is
the first thing with which
people must come to
understanding. Complexity is
different from difficulty.
For example, if students
have not seen the word or
content before, it might be
difficult for them, but it
is not complex.

The importance of Depth of knowledge (DOK) goes beyond the objectives. DOK will also influence the instructional strategies you use. For example, instructional activities on how to label the parts of a fish will look much different than instruction on how to design a plan to address invasive fish. Unit plans should address different levels of DOK.
