Protestant reformers sought to effect a radical change in the way their contemporaries understood and coped with the suffering of body and soul that were so prominent in the early modern period. This book examines the genesis of Protestant doctrines of suffering among the leading reformers and then traces the transmission of these doctrines from the reformers to the common clergy. It also examines the reception of these ideas by lay people.

The Global Studies Directory identifies people and institutions who have been key in the field of Global Studies or made an impact on the formation of a global world.
