Organization Theory and Design, developed for students in the UK, Europe, the Middle East and Africa, respected academics Jonathan Murphy and Hugh Willmott continue to add an international perspective to Richard L. Daft's landmark text. Together they tackle these questions in a comprehensive, clear and accessible study of the subject.

Law and ethics are two vital aspects of social work – all social workers need to practise according to the law and their codes of ethics and conduct. However, the relationship between the law and social work values and ethics is not without its tensions and this book takes a problem-based approach to explore the dilemmas and challenges that can arise. The first part of the book sets out frameworks for thinking about the

law and ethics, and how they relate to social work. It also introduces some of the big philosophical and sociological questions about the purposes of law and of ethics and how they relate to society more generally. In the second part, the book explores a series of areas where profound dilemmas arise – such as end-of-life decisions, respecting peoples' choices but ensuring their safety and that of others, responsibility and blame, making allowance for different cultural traditions and breaking confidentiality. In each of the problem-based chapters, this accessible text: outlines the relevant law discusses court judgments in leading cases considers the implications of different ethical frameworks pulls out key ethical questions and challenges for social work. Social Work, Law and Ethics highlights what the law says and

Corporate Finance, by Ross, Westerfield, and Jaffe emphasizes the modern fundamentals of the theory of finance, while providing contemporary examples to make the theory come to life. The authors aim to present corporate finance as the working of a small number of integrated and powerful intuitions, rather than a collection of unrelated topics. They develop the central concepts of modern finance: arbitrage, net present value, efficient markets, agency theory, options, and the trade-off between risk and return, and use them to explain corporate finance with a balance of theory and application. The well-respected author team is known for their clear, accessible presentation of material that makes this text an excellent teaching tool. The ninth edition has been

Hay Festival, the British Council and Conaculta have joined forces to bring twenty young writers under the age of forty to an international readership. These exciting new voices come together in an anthology of short pieces, giving a glimpse of Mexico's outstanding literary culture. Following in the footsteps of the likes of Octavio Paz and Carlos Fuentes, the writers capture an era of shifting boundaries and growing violence, where the country's rapid modernization is often felt to be at the cost of its artistic heritage. Broken families, a man in a birdcage, a lone swimmer - all stories betray a quest for
