The User Guide project was started during the Drupal 8 development cycle by the Documentation Working Group (DocWG), as a community initiative. Members of the community write, edit, and translate the guide, using templates and following guidelines provided by the DocWG. The User Guide is now completely written and edited in English.

Drupal is a free, powerful content management system to create custom websites, blogs, portals, and more. It has all the features you need to build a fully functional website. It's customizable, scalable, and free to use. However, it's not as easy as creating a website using WordPress (or using website builders).
