This book gathers the proceedings of the 30th Scientific-Experts Conference of Agriculture and Food Industry, held on September 26-27, 2019, in Sarajevo, Bosnia and Herzegovina. It reports on the application of innovative technologies in food sciences and agriculture, and covers research in plant and animal production, agricultural economics and food production. Further, the book discusses key social and environmental issues, and proposes answers to current challenges. The conference was jointly organized by the Faculty of Agriculture and Food Sciences of the University of Sarajevo, Bosnia and Herzegovina, the Faculty of Agriculture of Ege University, Turkey, the Bosnia and Herzegovina Medical and Biological Engineering Society, and the Faculty of Agriculture of the University of Belgrade, Serbia. The proceedings offer a timely snapshot of cutting-edge, multidisciplinary research and developments in modern agriculture. As such, they address the needs of researchers and professionals, agricultural companies, food producers, and regulatory and food safety agencies.

"Synchro Swimwear" is the first in Marie Porter's "Spandex Simplified" series, and is all about designing and creating spectacular and durable competitive synchronized swim costumes. This book is appropriate for beginner to advanced levels of sewing ability, and is written from both a designer, and former "performance" athlete's point of view. It will teach

everything from the basics, to tricks of the trade. "Spandex Simplified: Synchro Swimwear" will prepare the reader to design and make almost any design of competitive synchro swim suit imaginable. Given the cost of decent competition suits, this manual will more than pay for itself with the savings from just one project! The entire book is written completely in layman terms and carefully explained, step by step. Only basic sewing knowledge and talent is required. Learn everything from measuring, to easily creating ornate applique designs, to embellishing the finished suit in one book!
