PDF - European judicial systems - Edition 2016 (2014 data ...

Judicial efficiency is one important element in keeping it under control. This paper surveys the available evidence concerning the determinants of differences in judges' output. It points out weaknesses in the literature and makes a number of proposals how these could be relieved.

Determinants of judicial efficiency: a survey | SpringerLink

30.04.2019 For several consecutive years, Estonia has been at the second place among Member States of the European Union in a freshly published comparative table of justice systems called "Justice Scoreboard 2019" thanks to the efficiency and speed of the judicial system. "The main factor of an efficient judicial proceeding - the length of the proceeding - continues to be very good in Estonia compared to other EU Member States," Minister of Justice Raivo Aeg said.

The judicial proceedings of Estonia are still the most ...
