DR. SMITH'S book, "The Passion for Souls," for its size is the most powerful plea for Revival I have ever read. He has truly been led by the Spirit of God in preparing it. To his emphasis for the need of a Holy Spirit Revival I can give the heartiest amen. What I saw of Revival in Korea and in China is in fullest accord with the Revival called for in this book. It is most timely that DR. Smith has called attention to man effort and man method in modem Revival. If we all had faith to wait upon God in intense believing prayer there would be genuine Holy Ghost Revival, and the living God would get all the glory. In Manchuria and China, when we did nothing else than give the address and let the people pray, and kept out of sight as far as possible, we saw the mightiest manifestations of Divine power. Had I the wealth of a millionaire I would put "The Passion for Souls" in every Christian home on this continent and confidently look for a Revival which would sweep round the world.

Remaking the Nation presents new ways of thinking about the nation, nationalism and national identities. Drawing links between popular culture and indigenous movements, issues of 'race' and gender, and ideologies of national identity, the authors draw on their work in Latin America to illustrate their retheorisation of the politics of nationalism. This engaging exploration of contemporary politics in a postmodern, post new-world-order uncovers a map of future political organisation, a world of pluri-nations and ethnicised identities in the ever-changing struggle for democracy.

The Catholic Church acted as a mediator during social and political change in several Latin American countries from the 1960s through the 1990s: the Dominican Republic, Bolivia, Guatemala, Nicaragua, and El Salvador. Although the Catholic clergy was called to mediate in political crises in all five countries, in the Dominican Republic the Church's role as mediator was eventually institutionalized. A historical examination of church-state relations and case study of the Dominican Republic leads into important regional comparisons that broaden our understanding of the Catholic Church in the whole of Latin America.
