Exam

Certification – For

Preparing for the Diagnostic Exam

During an endoscopic
ultrasound scan, an

endoscope is inserted
into your body,

usually through your
mouth, to examine

areas such as your
stomach or gullet

(oesophagus). You'll

usually be asked to lie

on your side as the

Online Library

Exam

Endoscope is carefully pushed down towards your stomach. The endoscope has a light and an ultrasound device on the end.

Although the required preparation for ultrasound exams is generally not extensive, one pre-exam rule should be addressed carefully: follow your healthcare provider ' s

Online Library

Exam

instructions regarding consumption of food and water. Patients may be asked to refrain from eating for several hours before a scan is performed.

Ultrasound
Preparation: Tips for
New Patients | AHU
Online
Exam Preparation.

Online Library

Exam

Most ultrasound examinations are painless, fast and easy. Generally, no special preparation is needed. However, depending on the type of exam, you may need to drink fluid before the ultrasound or you may be asked to fast for several hours before the procedure.

Online Library

Exam

Be sure to check with your doctor or our office.

Diagnostic Ultrasound

- Element Imaging

The preparation for this test will depend on the type of ultrasound procedure your doctor has ordered. Some preparations include drinking a quart of

Online Library Exam

water before the test to obtain better images. Your doctor will instruct you. If you are having a biopsy, you will be asked to not eat or drink anything past midnight the night before the exam.

Ultrasound Exam:
How to Prepare |
UCSF Radiology

Online Library

Exam

Most ultrasound exams require no preparation.

However, there are a few exceptions: For some scans, such as a gallbladder

ultrasound, your doctor may ask that you not eat or drink for certain period of time before the exam.

Others, such as a pelvic ultrasound,

Online Library

Exam

Preparation For
may require a full
bladder.
