Stock Prices

Instead of estimating the value, expectations investing is assessing what the market thinks of the future to justify the current price. In a way, this is still similar to value investing. The author says that investors do not

Review Press

Better ...

First line of chapter
3 summarizes the
book: “ expectations
investing rests on
two simple ideas:
First, you can read

Review Press

Access Free Expectations

stock prices and estimate the expectations that they imply. Second, you will earn superior returns only if you correctly anticipate revisions in those price-implied expectations.” Ok so fundamentally this is true.

Michael J. Mauboussin is Credit Suisse First Boston's Chief U.S. Investment Strategist and an adjunct professor at Columbia University.

Most investment books try to assess the attractiveness of a stock price by

Review Press

Access Free Expectations

estimating the value
of the company.

Expectations

Investing provides a
powerful and
insightful

alternative to

identifying gaps

between price and

value. Michael J.

Mauboussin and

Alfred Rappaport

suggest that an

investor start with a

Page 52/89

Review Press

Access Free Expectations

known quantity, the stock price, and ask what it implies for future financial results. After showing how to read expectations, Mauboussin and Rappaport provide a guide to rigorous strategic and financial analysis to help investors assess the

Review Press

Access Free Expectations

likelihood of
revisions to these
expectations. Their
framework traces
value creation from
the triggers that
shape a company ' s
performance to the
impact on the value
drivers. This allows
a practitioner of
expectations
investing to
determine whether

Access Free Expectations

a stock is an attractive buy or sell candidate.

Investors who read this book will be able to evaluate stocks of companies in any sector or geography more effectively than those who use the standard

approaches of most investors. Managers

Review Press

Access Free Expectations

can use the book 's principles to devise, adjust, and communicate their company's strategy in light of shareholder expectations. This revised and updated edition reflects the many changes in accounting and the business landscape since the book was

Review Press

Access Free Expectations

first published and provides a wealth of new examples and case studies.

Better Returns

No matter your field, industry, or specialty, as a leader you make a series of crucial decisions every single day. And the harsh truth is that the majority of

Review Press

Access Free Expectations

decisions—no matter how good the intentions behind them—are

mismanaged, resulting in a huge toll on

organizations, the people they employ, and even the people they serve. So why is it so hard to

make sound decisions? In Think

Page 58/89

Review Press

Access Free Expectations

Twice, now in paperback, Michael Mauboussin argues that we often fall victim to simplified mental routines that prevent us from coping with the complex realities inherent in important judgment calls. Yet these cognitive errors are preventable. In this

Page 59/89

Review Press

Access Free Expectations

engaging book,
Mauboussin shows
us how to recognize
and avoid common
mental missteps.

These include
misunderstanding
cause-and-effect
linkages, not
considering enough
alternative
possibilities in
making a decision,
and relying too

Access Free Expectations

much on experts. Through vivid stories, the author presents memorable rules for avoiding each error and explains how to recognize when you should “think twice” —questioning your reasoning and adopting decision-making strategies that are far more

Review Press

Access Free Expectations

effective, even if they seem counterintuitive.

Armed with this awareness, you'll soon begin making sounder judgment calls that benefit (rather than hurt) your organization.

Since its first publication, Michael J. Mauboussin's

Page 62/89

Shareholder Value,
reiterated the basic
message in his
2006 Harvard

Business Review
article: Focusing on
Wall Street

quarterly earnings
expectations rather
than on creating
long-term value is
an invitation to

disaster. Rappaport
shows how deeply

Access Free Expectations

flawed short-term performance incentives for corporate and investment managers were an essential cause of the recent global financial crisis. In *Saving Capitalism from Short-Termism*, Rappaport examines the causes and

Review Press

Access Free Expectations

consequences of
“ short-termism ”
and offers specific
recommendations
for how publicly
traded companies
and the investment
management
community can
overcome it.

Whether you're a
corporate manager,
money manager,
public policymaker,

Access Free Expectations

business-school student, or simply concerned about your financial future, Saving Capitalism from Short-Termism provides valuable insights and practical ideas to change the course of your organization—and contribute to a healthier economy

that benefits all.

Reading Stock

In this substantially
revised and updated

edition of his 1986

business classic,
Creating

Shareholder Value,

Alfred Rappaport

provides managers

and investors with

the practical tools

needed to generate

superior returns.

Page 80/89

Review Press

Access Free Expectations

The ultimate test of corporate strategy, the only reliable measure, is

whether it creates economic value for shareholders. After a decade of

downsizings frequently blamed on shareholder value decision

making, this book presents a new and

Page 81/89

Review Press

Access Free Expectations

indepth assessment
of the rationale for
shareholder value.

Further, Rappaport
presents

provocative new
insights on

shareholder value

applications to: (1)

business planning,

(2) performance

evaluation, (3)

executive

compensation, (4)

Review Press

mergers and
acquisitions, (5)
interpreting stock
market signals, and
(6) organizational
implementation.
Readers will be
particularly
interested in
Rappaport's
answers to three
management
performance
evaluation

Access Free Expectations

Questions: (1) What is the most appropriate measure of

performance? (2)

What is the most appropriate target level of

performance? and

(3) How should rewards be linked to performance?

The recent acquisition of

Page 84/89

Review Press

Access Free Expectations

Duracell International by Gillette is analyzed in detail, enabling the reader to understand the critical information needed when assessing the risks and rewards of a merger from both sides of the negotiating table.

The shareholder
