In this compelling novel that mirrors church scandals in the news today, Jim, a middle-aged bank manager, is torn between a desire to believe the best and suspicion resulting from an apparent indiscretion by his popular young pastor Dave.

Evangelical discourse on the role of arts in the church can be radioactive, and the twenty-one contributors to this book walk right into the “hot zone” to pick up on twenty contentious questions. The volume is a series of written dialogues, each one keyed to a cranky question, one that a skeptic might raise (hence the title). Herein, the gainsayers are taken seriously and

given their voice. They even find support in some of the contributors' comments. But apologists for greater use of arts and artists in the church have their say, and things can get edgy. Topics range from the biblically august (the Second Commandment; the regulative principle; Great Commission priorities) to the prudential (expense; "bohemian" influence; weaker brothers) to the programmatic (Christmas festivities; committee makeup). Some of the parties to the discussion are church staffers (pastors and ministers of music); some are professors; several are doctoral students; one is a college student; another, a gallery owner; yet another, a denominational ethicist; and there's a Canadian and a Korean in the mix. The collection of speakers and opinions is illuminating and

bracing, and the fruit of their thinking makes for great reading and discussion.

Everett L. Worthington Jr. offers a comprehensive manual for assisting couples over common rough spots and through serious problems in a manner that is compassionate, effective and brief.

Creating conversations of faith outside of the Evangelical norm. A new culture is emerging one of spiritual openness, moral flexibility, and social diversity. This diversity culture makes evangelicals uncomfortable, not because they feel threatened, but because they feel excluded. Writing from the perspective of a conservative evangelical, author Matthew Raley tackles the social tensions between

evangelicals and the diversity culture. Drawing on analysis of contemporary media, ancient sources, and Scripture, *The Diversity Culture* examines cultural barriers and how they can be broken, helping Christians understand this cosmopolitan group on their own terms. This incisive and much-needed book gives believers the understanding and tools they need to cross socioeconomic, ethical, and ideological barriers and heal relationships in the name of Christ.

Refusing to settle for anything less than a romantic relationship that pleases God, Faith O'Connor steels her heart against her desire for the roguish Collin McGuire. But when Collin tries to win her sister Charity's hand, Faith isn't sure she can handle the jealousy she feels. To further

complicate matters, Faith finds herself the object of Collin's affections, even as he is courting her sister. The Great War is raging overseas, and a smaller war is brewing in the O'Connor household. Full of passion, romance, rivalry, and betrayal, *A Passion Most Pure* will captivate readers from the first page. Book 1 of the *Daughters of Boston* series.

*Reinventing Jesus* cuts through the rhetoric of extreme doubt to reveal the profound credibility of historic Christianity. Meticulously researched yet eminently readable, this book invites a wide audience to take a firsthand look at the primary evidence for Christianity's origins.

A classic romantic comedy thirty years in the making.

You don't need to memorize evangelical formulas or answers. You just have to be willing to ask. There was something different about the way Jesus communicated with the lost: He didn't force answers upon people, He asked questions. So why don't we? Following Christ's lead, Randy Newman has been using a questioning style of evangelism for decades. In this provocative book, he provides practical insights to help Christians engage others in meaningful spiritual conversations. He challenges us to examine how we think about people, their questions, and our crucial message. This second edition includes a new preface reflecting on the popularity of this perennial best seller and what its success has taught Newman about the effectiveness of

this extraordinary method. "Distilled out of over twenty years of personal evangelism, this book reflects both a deep grasp of biblical theology and a penetrating compassion for people--and finds a way forward in wise, probing questions. How very much like the Master Himself!" --D. A. Carson, Trinity Evangelical Divinity School "Questioning Evangelism steps outside the boundaries of evangelism as usual and tackles the tougher issues of our modern day." --Mitch Glaser, Chosen People Ministries

This collection of essays shows how New Atheists's claim on reason fits poorly with their presumptions and presuppositions. Reason rightly belongs to God, and strong reasoning
