Family and succession law are tightly bound together. Succession law is usually based on kindred relationships as established by family law. The trends established in the marital property laws and succession laws are often a result of developments in family law. Equality of spouses and of all children, regardless of their descent, is not without consequences for marital property laws and succession law.

### Family and Succession Law — IELaws

There can be no doubt that both substantive family and succession law engage in significant interaction with private international law, and, in particular, the European Union instruments in the field. While it is to be expected that substantive law heavily influences private international law instruments, it is increasingly evident that this influence can also be exerted in the reverse direction.
