Fanuc Manuals User Guides - CNC Manual

The FANUC M410B/450 features a higher payload capacity (450 kg) than the other M-410B models. This provides enough strength to hoist larger objects with a gripper, higher and faster than other models. In addition, the FANUC M-410B/450 has a large working envelope that allows this heavy duty robot to service multiple production lines. To advance this robot even more, there are add-on options ...
