Such as, imho, the Fender Stage and Pro 185. At Harmony Central the old Stage 185 is one of the highest rated Fender amps which doesn't surprise me. I owned one for 6 years and it suited especially my strat perfectly. The 185 amps produce a lush, roomy and warm sound that is very different from say the smaller Deluxe 112 plus that I play in my study. That one is cardboard in comparison to the 185.
