Praise for Financial
Statement Analysis
FOURTH EDITION "I
love this book. It helps
to develop the
questioning mind—the
mind of a financial
detective. It teaches the
art of skepticism and
critical thinking.

Page 63/83

Download File

PDF Financial

Readers go beyond

definition and

calculation and learn

interpretation." —Philip

L. Cooley, PhD, Prassel

Distinguished Professor

of Business, Trinity

University "Over my

decades of involvement

with high-yield bonds,

Marty Fridson has been

the leading speaker of

truth. As he so

accurately states in

Download File

PDF Financial

Statement

Analysis, the credit investor is required to engage in a game of cat-and-mouse with company management's intent on minimizing their cost of capital by putting a positive gloss on their financial statements. The Fourth Edition of Marty's terrific book is the bible on how to detect and

Download File

PDF Financial

deal with these efforts."

—Howard Marks,
Chairman, Oaktree

Capital Management

"Financial Statement

Analysis is a unique

text; it combines great

academic work with

numerous real-life

examples to form a

highly useful reference

for equity investors,

debt holders, and

investors who straddle

Download File

PDF Financial

Statement Analysis
both asset classes.

Whether you are an investor, an investment advisor, or a teacher, Financial Statement Analysis will prove very valuable." —Margaret M. Cannella, former head of Global Credit Research, J.P. Morgan and Adjunct Professor, Columbia Business School "Marty has seen it all! He has had a front-

Download File

PDF Financial

row seat to see the birth,
death, and rebirth of the
high-yield bond market .

. . . several times over! In

the Fourth Edition of

Financial Statement

Analysis, Marty clearly

demonstrates that

despite the enactment of

Sarbanes-Oxley in 2002,

and other attempts to

curtail abuse of the

system, one needs a

critical analytical eye to

Download File

PDF Financial

Shareholders

be certain that
management is not
trying to obfuscate the

truth. The case studies
provide excellent and

timely examples of

some of the techniques
that companies have

used to mislead

investors." —Edward Z.

Emmer, former global
head of Corporate and

Government Ratings

and Equity Research,

Page 69/83

Download File

PDF Financial

Standard & Poor's

Third Edition
"Those who read
financial statements

without understanding
the strategic context in
which they are written
will land on the losing
end of the gripping
episodes with which
bond-market legend

Marty Fridson illustrates
in the Fourth Edition of
his classic reference,
Financial Statement

Page 70/83

Download File

PDF Financial

Analysis. And all of us who depend on the markets sending capital to its best use should hope that investors read this book first." —David Musto, Professor of Finance, the Wharton School of the University of Pennsylvania "This book rightly urges resolute skepticism when inspecting financial statements. Its

Download File

PDF Financial

great value, though, is in the plain-spoken stripping down of real-world and illustrative examples that show how to see past the numbers to the practicalities and incentives behind them—and so help analysts and journalists alike ask the right questions." —Richard Beales, Assistant Editor, Reuters Breakingviews

PDF Financial

Accounting for Value teaches investors and analysts how to handle accounting in evaluating equity investments. The book's novel approach shows that valuation and accounting are much the same: valuation is actually a matter of accounting for value. Laying aside many of the tools of modern finance the cost-of-

Download File

PDF Financial

capital, the CAPM, and
discounted cash flow
analysis Stephen

Penman returns to the
common-sense
principles that have long
guided fundamental
investing: price is what
you pay but value is
what you get; the risk in
investing is the risk of
paying too much;
anchor on what you
know rather than

Download File

PDF Financial

speculation; and beware of paying too much for speculative growth.

Penman puts these ideas in touch with the quantification supplied by accounting, producing practical tools for the intelligent investor. Accounting for value provides protection from paying too much for a stock and clues the investor in to

Download File

PDF Financial

the likely return from
buying growth.

Strikingly, the analysis
finesses the need to
calculate a "cost-of-
capital," which often
frustrates the application
of modern valuation
techniques. Accounting
for value recasts "value"
versus "growth"
investing and explains
such curiosities as why
earnings-to-price and

Download File

PDF Financial

book-to-price ratios

predict stock returns. By
the end of the book,

Penman has the

intelligent investor

thinking like an

intelligent accountant,

better equipped to

handle the bubbles and

crashes of our time. For

accounting regulators,

Penman also prescribes

a formula for intelligent

accounting reform,

Download File
