"This massive tome collects three classic Halo tales in Halo: Uprising #1-4, Helljumper #1-5, and Halo: Blood Line #1-5-, created by award-winning titans of the comic-book industry Brian Michael Bendis (Superman, Ultimate Spider-Man), Peter David (The Incredible Hulk, Friendly Neighborhood Spider-Man), and Fred Van Lente (Marvel Zombies, Deadpool), with fan-favorite artists Alex Maleev (Hellboy & the B.P.R.D, Batman), Eric Nguyen (Old Man Logan, X), and Francis Portela (Black Panther, Faith). Halo: Uprising follows the Master Chief as he single-handedly takes on the Covenant's miles-long Forerunner Dreadnaught—a vessel capable of ending all of humanity! Then, join the ranks of the meanest, most battle-hardened Marines in the UNSC responding to a remote science colony's SOS call and discover an enormous Covenant military presence in Helljumper! Finally, a UNSC ship encounters a strange phenomenon that sends it plummeting toward an unknown planet. Spartan Black needs to unlock the secrets of an ancient Forerunner installation if they're going to survive the experience but, to complicate matters, they're not the only ones shipwrecked. Check out their story in Halo: Blood Line! This

collection also includes interviews with the creators where they share behind-the-scenes information about the process of crafting stories for the Halo universe!"--

The classic collection of sixteen sermons preached and compiled by Dr. King As Dr. King prepared for the Birmingham campaign in early 1963, he drafted the final sermons for Strength to Love, a volume of his best-known homilies. King had begun working on the sermons during a fortnight in jail in July 1962. Having been arrested for holding a prayer vigil outside Albany City Hall, King and Ralph Abernathy shared a jail cell for fifteen days that was, according to King, “‘dirty, filthy, and ill-equipped’” and “the worse I have ever seen.” While behind bars, he spent uninterrupted time preparing the drafts for classic sermons such as “Loving Your Enemies,” “Love in Action,” and “Shattered Dreams,” and continued to work on the volume after his release. A Gift of Love includes these classic sermons, along with two new preachings. Collectively they present King’s fusion of Christian teachings and social consciousness, and promote his prescient vision of love as a social and political force for change.

When Sarah Gooding returned a valuable brooch to the elderly Dowager Countess of Densbury, she had no idea it would lead to a job as the

lively woman's companion. Nor did she expect to admire the Dowager's youngest grandson so much, even though the difference in their stations means nothing will ever come of her daydreams. With two older brothers taking up the roles of heir and spare as well as his parents' attention, Randall Everard spent much of his youth with his beloved grandmother. Knowing he'll soon be moving away from his family estate and won't see as much of her, he particularly wants to make this Christmas special for the Dowager. As Sarah and Randall find themselves spending the holidays together with the Dowager, will their shared festivities lead to a bond that lasts beyond the Christmas season?

Get more out of your legacy systems: more performance, functionality, reliability, and manageability Is your code easy to change? Can you get nearly instantaneous feedback when you do change it? Do you understand it? If the answer to any of these questions is no, you have legacy code, and it is draining time and money away from your development efforts. In this book, Michael Feathers offers start-to-finish strategies for working more effectively with large, untested legacy code bases. This book draws on material Michael created for his renowned Object Mentor seminars: techniques Michael has used in mentoring to help hundreds of developers, technical managers, and

testers bring their legacy systems under control. The topics covered include Understanding the mechanics of software change: adding features, fixing bugs, improving design, optimizing performance Getting legacy code into a test harness Writing tests that protect you against introducing new problems Techniques that can be used with any language or platform—with examples in Java, C++, C, and C# Accurately identifying where code changes need to be made Coping with legacy systems that aren't object-oriented Handling applications that don't seem to have any structure This book also includes a catalog of twenty-four dependency-breaking techniques that help you work with program elements in isolation and make safer changes.

Maid for the Billionaire (Book 1) (Legacy Collection) Dominic Corisi knew instantly that Abigail Dartley was just the distraction he was looking for, especially since having her took a bit more persuading than he was used to. So when business forces him to fly to China, he decides to take her with him, but on his terms. No promises. No complications. Just sex. Abby has always been the responsible one. She doesn't believe in taking risks; especially when it comes to men - until she meets Dominic. He's both infuriating and intoxicating, a heady combination. Their trip to China revives a long forgotten side of Abby, but also reveals a threat to bring down Dominic's company. With no time to explain her actions, Abby must either influence the outcome of his latest venture and save his company or accept her role as his mistress and leave his fate to chance. Does she love him enough to risk losing him for good? For love or Legacy (Book 2) (Legacy Collection) (Now available) Nicole Corisi will lose her inheritance if she doesn't find a way around the terms of her father's will, but she will have to partner up with her estranged brother's rival to do it. As pretense becomes painfully real, Nicole will have to choose between Stephan or the family he is driven to destroy. Stephan Andrade has been

planning his revenge ever since Dominic Corisi unscrupulously took over his father's company. With Corisi Enterprises gambling its reputation on the success of a new software network for China, Stephan finally has his chance to take back his legacy. Dominic's younger sister, Nicole, asks Stephan for his help and provides him with an opportunity to exact his revenge on a personal level. It all goes smoothly until he falls in love. *Bedding the Billionaire (Book 3) (Legacy Collection) (Coming Summer 2012)* Lil Dartley's life is upside down. Her previously steadfast and predictable sister is marrying an influential billionaire and needs help planning the wedding of the century in less than a month. Years of middle class rebellion have not prepared Lil for handling diplomats or paparazzi. Jake Walton knows a train wreck when he sees one. Lil was trouble from the first day he met her, but since her sister is marrying his best friend, he has no choice but to help her or this wedding will be in the news for all the wrong reasons. Teaching Lil how to fit into high society would be a whole lot easier if she didn't drive him insane both in and out of the bedroom. *Saving the Sheik (Book 4) (Just because I love romances with Sheiks--coming next year)*

The day Captain Beth Castle put on the U.S. Marine Corps uniform, she made a vow to protect her country and its citizens. It was a vow she

knew she'd uphold for life, but nothing prepared her for what she faced in the Tinajas Mountains east of Yuma, Arizona. While inspecting Aid Relief Stations along the Arizona/Mexico border, an ancient myth she'd learned growing up on the Navajo Reservation comes to life. A hostile encounter with a strange group of men triggers a change in her body and Spirit. When she goes to her family for help, Beth discovers the horrible truth -- the myths she'd learned were real...aliens were real. Now Beth's involved in an epic battle between good and evil -- a battle that could cost her everything she holds dear, including her family and the man she loves.
