Milk fresh from the farm by Lizzie Rowe on 18 May, 2020 in Food Ethics Our current food system is monopolised by supermarkets, creating a centralised flow of products to consumers. If any single link is broken in this chain, stretching from production to the supermarket shelf, the whole system collapses.

Outdoor Wood Projects features 24 projects for the backyard and garden that can be completed with basic DIY tooling, inexpensive materials and beginner skills, and that should take no more than a weekend to build. Projects are grouped into the following categories: planters, window boxes, trellises, and outdoor furniture. There is also a whole chapter devoted to projects built with bamboo. A number of the projects are constructed from reclaimed or recycled wood (such as an Adirondack chair made from wood pallets).

A foodie and armchair traveler's tour of the Hudson Valley's reviving farm regions features pastoral, sumptuous photographs of peaceful, old-fashioned farms and the abundant foods they produce, in a volume

complemented by 30 recipes.

Organized by season, a book of lavish photographs and more than seventy-five easy-to-prepare and delicious dishes suitable for family meals as well as entertaining celebrates the freshness and value available at farmers' markets across the country, in a tenth anniversary edition of the acclaimed cookbook. Reprint.

Is there anything better than a kitchen countertop spread with the spoils of a Saturday morning at the farmers' market? Every trip yields some new assortment of old favorites and newfound treasures. One week, you're tempted by the sun-warmed heirloom tomatoes and the Mason jars brimming with orange blossom honey. Another week, it's the slabs of milky Havarti cheese and the Red Haven peaches heavy with juice, enticing you to spend just a little more than you planned. Kentucky pole beans, silky ears of sweet corn, and sacks of stone-ground buckwheat flour may find their way into your basket on another visit. Whether you shop with a list or purely on impulse, you'll always find the truest taste of home at the local farms, roadside stands, and produce markets in your community. These are the places that offer up the native flavors of the South and all its seasons. They are your portal to the fields, the waters, and the vines where your food is cultivated. Get to know the origins of what

you eat and the people who produce it. Tammy Algood's Farm Fresh Southern Cooking celebrates this experience with delicious recipes that will enhance the natural flavors of your latest market haul and stories of the South's most dedicated growers and culinary producers.

Mom always said, "Eat your fruits and veggies"...and that's still good advice! Fresh from the Farmstand, another excellent book in the best-selling Gooseberry Patch series. With dishes from breakfast to dinner (dessert too!), it's perfect for families wanting to get more vegetables, fruit, whole grains and other wholesome ingredients into each meal. With over 200 scrumptious, easy-to-make recipes, this cookbook will become a favorite with cooks everywhere.

First in the Farmer's Market Mystery Series. Becca Robins leads a simple life, making jams and preserves on her very own farm. But when there's a murder in her quaint little town, she puts herself in the line of fire to defend her friend's innocence—and goes from making jam to being in one.

Presents more than three hundred recipes using local, seasonal produce, with additional information on cooking technique, food safety, and food storage.

A farmer is surprised to discover that he has

grown a crop of very unusual cats instead of cabbages.

This colorful handbook will help you pick good-quality, healthy fruits and vegetables that are a vital part of your daily diet. You'll learn why there is more to fruit and vegetable quality than meets the eye and how to handle your fresh fruits and vegetables at home to maintain their quality and safety. You'll also learn how growing and harvesting factors can effect quality, and the effect of growing locations, produce handling methods, and the number of steps between production and retail markets. The publication includes handy tables to show you the steps between the field and your table, which fruits and vegetables should be stored in the refrigerator and which should be stored on the counter, and what to look for when selecting produce at the market.

Farm to Fork brings out the "green" in Emeril with recipes that will inspire cooks, new and old, to utilize fresh, organic, and locally-grown ingredients throughout the year. A must have for those interested in the Green and locavore movements, and the legions of Emeril's own fans!
