40 irresistible, ready-to-use worksheets that give kids fun-filled phonics practice. Kids can work independently, or with you!

40 irresistible, ready-to-use reproducibles that give your students fun-filled phonics practice. They'll learn about word families as they make Pencil Flowers, identify initial and final consonant sounds as they make Word Chains, and use Word Wheels to learn long vowel sounds. They'll have fun and learn the phonics they need to become great readers and writers.

Blends is the second book in a series of four entitled Cut and Paste Phonics. This book has been created for students in Years 1 and 2, and is designed to be used in conjunction with any regular class spelling program. Each task has been carefully constructed to help lower primary students recognize, using pictorial clues, the relationship between letters and sounds. The cut and paste aspect of the book not only offers an alternative to written worksheets, but also encourages children to become more dextrous with scissors. Every book in the Cut and Paste Phonics series provides worksheets which: □ are fun for students; □ focus on letter sound knowledge; □ can help strengthen fine motor skills (e.g. cutting, pasting and hand-eye coordination skills); □ require students to listen to and follow a set of instructions; □ follow a similar structure □ so that students can complete activities independently.

More Sounds is the fourth book in a series of four entitled Cut and Paste Phonics. This book has been created for students in Years 1 and 2, and is designed to be used in conjunction with any regular class spelling program. Each task has been carefully constructed to help lower primary students recognize, using pictorial clues, the relationship between letters and sounds. The cut and paste aspect of the book not only offers an alternative to written worksheets, but also encourages children to become more dextrous with scissors. Every book in the Cut and Paste Phonics series provides worksheets which: □ are fun for students; □ focus on letter sound knowledge; □ can help strengthen fine motor skills (e.g. cutting, pasting and hand-eye coordination skills); □ require students to listen to and follow a set of instructions; □ follow a similar structure □ so that students can complete activities independently.

I have made this Phonics Letter of the Week unit to address the Kindergarten(Prep) level of learning. The contents of this packet provide teachers with a variety of games, activities and worksheets to help teach correct letter formation, written letter identification and recognition of initial letter sound. My aim when creating this book was to provide a unit for teaching one letter of the alphabet at a time. There is a great emphasis on letter sounds, which makes this an ideal tool for phonics teaching. There are 30 games, activities and worksheets that can be used to help you teach the letter Bb at the beginning of the year and to reinforce and consolidate what has been learnt throughout the year.

Single Sounds is the first book in a series of four entitled Cut and Paste Phonics. This book has been created for students in Kindy and Pre-Primary, and is designed to be used in conjunction with any regular class spelling program. Each task has been carefully constructed to help lower primary students recognise, using pictorial clues, the relationship between letters and sounds. The cut and paste aspect of the book not only offers an alternative to written worksheets, but also encourages children to become more dextrous with scissors. Every book in the Cut and Paste Phonics series provides worksheets which: □ are fun for students; □ focus on letter sound knowledge; □ can help strengthen fine motor skills (e.g. cutting, pasting and hand-eye coordination skills); □ require students to listen to and follow a set of instructions; □ follow a similar structure □ so that students can complete activities independently.

Long Vowel Sounds is the third book in a series of four entitled Cut and Paste Phonics. This book has been created for students in Years 1 and 2, and is designed to be used in conjunction with any regular class spelling program. Each task has been carefully constructed to help lower primary students recognize, using pictorial clues, the relationship between letters and sounds. The cut and paste aspect of the book not only offers an alternative to written worksheets, but also encourages children to become more dextrous with scissors. Every book in the Cut and Paste Phonics series provides worksheets which: □ are fun for students; □ focus on letter sound knowledge; □ can help strengthen fine motor skills (e.g. cutting, pasting and hand-eye coordination skills); □ require students to listen to and follow a set of instructions; □ follow a similar structure □ so that students can complete activities independently.

Teachers use Word Ladders to teach and reinforce letter patterns and rhyming, through writing and repetition. This document contains 53 word ladders, as well as word riddles and questions for each word ladder to help strengthen vocabulary development. The riddles and questions encourage children to think about the meaning of the words, as they use them in learning to read. The word ladders will help children eliminate phonetic frustration, and help build their phonics skills, spelling confidence and self esteem. Mrs. Karle's Sight and Sound Reading Program(tm) offers FREE resources to help teach, strengthen and reinforce reading skills. Mrs. Karle's Sight and Sound Reading Program(tm) creatively teaches the 250 basic sight words -the words found in 80% of what children read - along with teaching and reinforcing of PHONICS, spelling, punctuation and comprehension. Visit: <http://www.sightandsoundreading.com>

Games and practice pages encourage students in kindergarten through second grade to read, write, and manipulate sight words.
