Many people have no understanding of what the word gnosis means, others think that it simply means knowledge and leave it at that. Yet there is a deeper meaning. It is a word that Page 35/61

gives rise to the title Gnostic, or one who has special knowledge. The true definition of the term gnosis is the direct mystical experience of the Divine in the self. It is the realization of the true nature of ourselves, and cannot be discerned through

intellectual dogma or doctrine, but only through experience.
