Good Business is about enjoyment of work and productivity. It is based on the author's research on flow, the psychology of optimal experience. Flow is "a deep sense of enjoyment." To be fully engaged in a state of flow, one must be skilled and challenged.

**Good Business: Leadership, Flow, and the Making of Meaning ...**

Subtitled Leadership, Flow and the Making of Meaning, this insightful book speaks of the "psychological capital" contained in Flow and its significance for business, work and life. Humans need, per the author, to combine differentiation (understanding how they are unique) with integration (interaction with the world around them).

**Good Business: Leadership, Flow, and the Making of Meaning ...**

Good Business was the first scientific exploration of the relationship between Flow, leadership, and organizations. The research on which that book is based was conducted by the Quality of Life Research Center at Claremont, in cooperation with counterpart institutions at Stanford and Harvard. The purpose of the research was to establish what personal values, attitudes, and skills are found among business leaders whose purposes go beyond short-term profit maximization and personal glory.
