While any counseling therapy for drug abuse treatment is better than none, group therapy is generally preferred over individual therapy. In group therapy, you're more likely to be both challenged...

Why Therapy Is Essential in Treating
Addiction

Read Book Group

Treatment For Substance

A group leader for people in substance abuse treatment requires competencies in both areas: group work and addiction. For example, facilitators should understand group process, group dynamics, and the stages of group development; they need to understand that group therapy is not individual therapy in a group setting.
